He Kōrero Whakataki

INTRODUCTION

He Kōrero nā ngā Hoa Toihau

Hoa Toihau Report

Kia tau iho ai te tōmairangi atawhai o te wāhi ngaro ki runga ki te Kīngi Māori, a Kīngi Tūheitia, te makau ariki, te kāhui ariki nui tonu. Paimārire.

Tangihia rā ngā mate tāruru nui, tāruru roa o te wā. Moe mai rā koutou i te haupūrangā o te tūātinitini, o te tūāmanomano. Moe mai, whakangaro atu rā koutou. Kei ngā mahuetanga iho, e takatū tonu nei, tēnā tātou katoa.

Ka tīkina atu te kōrero a Te Wharehuia Milroy, ‘whakahokia te reo mai i te mata o te pene ki te mata o te arero’. Ko te awhero nui tēnei, kia kōrerotia te reo e ngāi tūnohunohu ki ngā pītau huruwhenua o tēnā pā harakeke, o tēnā iwi, o tēnā marae, o tēnā hapori. Kia kī ake ai, kua ūkaipō anō te reo.

Mārakerake nei te kite i te hunga e manawanui ana ki te reo, ka mutu kua māhorahora tōna rongō i ngā pouaka whakaata, i ngā hokomaha, i ngā waiata, i whea kē, i te aha kē. Heoi, e angiangi tonu ana te pae o matatau, o kōrero, o tuku iho.

Ko tā Te Mātāwai i ngā tau, he taunaki i ngā iwi hei ukauka i te whakarauoratanga o ngā pae kōrero, e tarake ai te reo te tuku ki ngā whakareanga. Nā ngā ringaringa, nā ngā waewae o ngā iwi Māori ngā kaupapa nei i kōkiri. Nō te tau nei, kua kitea te hīnātore, kua tata mai te pae tawhiti.

Kua parea a māneinei, a horokukū i ētahi papa kāinga, i ngā whānau hoki, kia nanaioretia ko te puāhurutanga o te reo Māori. E hahu ana ngā wānanga ā-iwi, ngā rauemi reo o ngā marae i ngā mita me ngā kupu ā- iwi, kia kua e pau monemone noa iho ki te pō. E whakarirā nei Te Mātāwai me ngā iwi kia tūperere, kia ngotongoto anō te tupu o te reo i ngā whārua, i ngā raorao.

E nonoi ana te poari kia mana taurite Te Mātāwai me te Karauna i roto i ngā whakataunga reo Māori katoa. Ko tā Te Mātāwai he whakahau kia ranea ngā pūtea hei taupua i ngā mahi whakarauora reo a ngā iwi.

I haruru te Whare o te Reo Mauriora i te matenga o ētahi o ngā pītau whakarei o te reo Māori i te tau kua hori. Ko te mate korona hoki tēnā i ngahoro ai ngā

wānanga reo o ngā rohe. Ahakoa ngā tūmatakuru, ngā tāwhaowhao, he iwi pūtohe te iwi Māori.

Kei wareware ngā mahi nui a ngā mema o mua o Te Mātāwai. Nā ngā Hoa Toihau tuatahi o Te Mātāwai, nā Te Waihoroi Shortland rāua ko Mereana Selby te whare o te Mātāwai i hoahoa, i whakatū, i whakapūioio. Mokori anō kia rere ko ngā whakawhetai. Mei kore ake rāua hei tāpui tāmaka mō te Maihi Māori.

Me kua rā ngā whakapaunga werawera a ngā ringa tōhau nui o te reo e moumou. He manawaroa, he mārohirohi te iwi Māori, ā, e koke whakamua tonu nei tātou. Ko ngā hua ki ngā whakareanga, he tini māioio. Me oke tonu, me auroa te whai i tō tātou ārero tūpuna, kia rangona ai e ngāi āpōpō tōna reka me tōnā anō rerehua.

May the heavenly morning dew of our ancestors embrace our Māori King, King Tūheitia, his makau ariki and the whare ariki. Paimārire.

We mourn the many who have departed and the multitudes who await them. We acknowledge those who remain and continue their legacy.

We draw on the words of Te Wharehuia Milroy, 'Bring the language back from the tip of the pen to the tip of the tongue.' Our ultimate goal is to increase the intergenerational transmission of our language from our elders to the youth in our homes, our iwi, on our marae and in our communities, so it can be acknowledged that the Māori language has been restored as a nurturing first language.

We have seen the commitment to our language increase in the media, on television, in supermarkets and songs, utilising new places and spaces. But there are still too few Māori language speakers.

Over the years, Te Mātāwai has supported iwi in their efforts to reinvigorate and revitalise our orators and promote intergenerational language transmission. Our tribal innovators and language experts have spearheaded these Māori language initiatives. We've seen huge improvements in 2020/21 with our ultimate goal now within sight.

Our efforts have encouraged many whānau to overcome barriers and embrace the fruits of our language in our tribal heartlands. Our support of iwi and community-based language programmes and resource development on our marae have re-energised our iwi dialects and wider use of iwi-specific vocabulary. Iwi, with the support of Te Mātāwai, are determined to increase the growth of the language in our communities.

We continue to develop a working relationship with the Crown which allows for equal weight in contribution and decision-making, while understanding that the future of our language requires us to advocate for increases in funding in order to allocate resources to more communities.

The challenges at the coal face have been numerous, due to the losses of inspirational figures and the effects of COVID-19 which has impeded a number of our wānanga reo. But the resilience of our people has ensured that every challenge has been met.

Let us not forget the past Te Mātāwai board members and their contributions. The first co-chairs, Te Waihoroi Shortland and Mereana Selby, were the architects who established and strengthened Te Mātāwai. We acknowledge their efforts with the understanding that, were it not for their leadership, the Maihi Māori would not have been achieved.

The efforts of our Reo Māori champions must not be in vain. The pathway towards restoring our Māori language as a nurturing first language remains our greatest challenge. We must continue moving forward to reclaim our ancestral tongue so that future generations may know the depth and beauty of our language.

Tumu Whakarae Report

Ki ngā Kāhui o Te Mātāwai, Te Poari
o Te Mātāwai me ngā kaimahi.

Kia whakahahaka au i ahau,

Mōu i tuarā ngā tini utanga kia puta
te ihu o te reo ki tōna taumata.

Hi au, au, au e hā.

Kākarauri he tau, matariki mai ana he tau, e pā tonu mai ana ngā whakamanana a te whiore o te Urutā i ngā mahi a Te Mātāwai, hei ahakoa, kua mātau ake Te Mātāwai ki te tuku i ana mahi; ā-kaitono, ā-Poari, ā-Tari; he awa rua, he kāinga rua, he putanga kē ki te ora. He wā i ngāoki, ināianei kua tū Te Mātāwai.

Ahakoa ngā tūtakitaki a ngā taha e rua o Te Whare, he uaua te kite i te hua nui i tēnei wā, heoi anō, mā te aha i te huataki, kei konā hoki te pito mata.

Ko Te Whare tērā me tana whakairinga manako, kia reo mauri ora.

Arā anō ngā hikinga wairua, ngā whakaawenga me ngā whakaihinga ngākau nā runga i te kite me te rongoi i te pakari haere o ngā tini mahi. Kei waho te tarāuma.

Kua mārama ake ki ngā kaitono te tuhi tonu, te tuhi pūrongo. Ko te mihi nui ake, ko te mātau ake ōna ki te hāpai me te kōkiri i ngā ngohe reo e ngākaunuitia nei e rātou, ka mutu, he tika ki a rātou me ngā horopaki o te takiwā i taua wā.

Kua oreore Te Mātāwai i ngā tini whaituā me te aro ki te reo tuku iho, te rumaki, ngā kaupapa kōkiri i te reo, te tuakiri me te ora o te whānau mā roto i ngā

mahi whakahaumanu i te reo Māori, hua noa i tāna i kite ai, i rongoi ai i ngā tau- he tohu i te whatutoto o ā tātou mahi.

Mā ngā ngohe reo i ngā kāhui kua kitea te nui haeretanga o te kōrerotia o te reo, kua whai wāhi ngā whānau ki ngā tāngata matatau ki te reo me te tikanga i ō rātou wāhi ake, kua ako te mahi a whānau i ngā kupu, kīanga, whakapuakanga reo o ō rātou takiwā, hapū hoki. Tērā anō te hikinga o te mana o tēnā i te honohono ki ōna whanaunga, tōna marae. Kua kaha ake ētahi ki te kōrero i te reo ia wiki ki ngā whanaunga. Kua rereremu ngā whānau ki te kōrero i te reo i te marae. Inā hoki te kōrero a ngā whānau, mei kore ake te pūtea āwhina, kua kore e tū te kaupapa. Nā rātou ngā whānau i waihanga ā rātou ngohe reo, nā ko rātou tēnā e whakatinana ana i tā rātou i waihanga ai hei painga mō rātou.

The end of one year passed and another commenced. The effects of COVID-19 continued; however, Te Mātāwai now had experience as a Board, an Office and as iwi investors in local language activities, with contingencies to mitigate risks and succeed. Te Mātāwai is maturing.

Over the year, Crown entities that play key roles in effecting Māori language revitalisation have met and shown a desire to make things work in terms of each other's specific strategies. The full potential of the collaboration is yet to be realised.

It is warming to see and feel the development across Te Mātāwai activities. Providers have increased their skills in submitting applications and reporting, and most importantly, their awareness and understanding, and leadership in engaging Māori language activities that resonate with their time and place is inspirational.

Te Mātāwai has broader clarity of Māori language revitalisation through language transfer across generations, immersion activities, social language legacies, identity and wellbeing through the past years which is indicative of a mature entity.

We have witnessed the increase in Māori language use amongst whānau. They are using what they know more regularly and passionately with other whānau at home, on their marae and in their normal activities. They have appreciated having experts in language, culture and history share this knowledge with them at the local marae they belong to. They have boasted about the new words and expressions they now know from their own area; these tie them ever closer to their marae and local home areas. And they have expressed their appreciation that support from Te Mātāwai has made the language activities they wanted to happen now become a reality.

To our Te Mātāwai people working with the language, the Board and our staff, thank you for all that you do to uplift our language.

There are eight Pae Motuhake, which are our community-based panels of advisors comprising Māori language champions, advocates, practitioners and experts in Māori language revitalisation. Pae Motuhake are responsible for working alongside their communities to develop annual Investment Plans. These plans reflect the goals, priorities and aspirations of their Kāhui, and set the scene for the types of investments Te Mātāwai expects to make within that Kāhui.

The Board created this infrastructure to support a community-driven approach and reinforce the concept of mana motuhake. Board members appointed by Kāhui ā-iwi are the Chairs of their respective Pae Motuhake. The four Board members appointed by Te Kāhui o Te Reo Tukutuku select a Chair for their Pae Motuhake. Each of the eight Kāhui is responsible for appointments to their respective Pae Motuhake.

OUR STAFF

During 2021, Te Mātāwai had nine full-time equivalent staff. We carried 11 vacancies over the year and utilised fixed-term contractors to support staff to carry out Te Mātāwai activities.

In recognising that success in revitalising the Māori language would require an active partnership between iwi/Māori and the Crown, Te Ture mō Te Reo Māori 2016 called for each of the parties to produce strategies setting out their part in achieving the purpose of the Act.

These two strategies, the Maihi Māori² and the Maihi Karauna reflect the micro and macro partnership approach to language revitalisation. The Maihi Māori, launched in 2017, was developed and guided by the aspirations and priorities of iwi and Māori. The micro focus of the Maihi Māori is on the home and community-based settings where intergenerational language transmission occurs. The macro focus of the Maihi Karauna is on the institutional systems and settings to support language revitalisation, which come together under a partnership called Te Whare o te Reo Mauriora.

Vision

The overarching vision of the Maihi Māori is Kia Ūkaipō anō Te Reo, which sees Māori restored as a nurturing first language. The Maihi Māori sets out two high-level outcomes for achieving this vision: Identity and Intergenerational Transmission. There are also two audacious goals of:

1,000,000

One million people or more are using te reo Māori in community immersion domains.

The Māori language has become the first language of 25 percent of all Māori children (aged up to seven years old).

Te Mātāwai Statement of Intent 2021–2024

The inaugural Statement of Intent for Te Mātāwai 2017-2021 was squarely focused on establishing Te Mātāwai. It laid the foundation principles, operating culture and strategic priority objectives that would guide how Te Mātāwai would operate and give effect to the Maihi Māori and Te Whare o te Reo Mauriora.

Four years on, Te Mātāwai has moved past the establishment phase. The landscape has changed and our knowledge and experience has increased.

We now recognise the need to reapply the holistic approach which is geared better to align with Māori philosophical underpinnings. This is the context within which the new Statement of Intent 2021–2024 was developed.

It should be noted that the fundamental principles and tikanga remain as unique items and the strategic priorities have been woven throughout the outcomes framework that underpins the new Statement of Intent 2021–24.

This is the context within which the new Statement of Intent 2021–2024 was developed. It provides a line of sight between our day-to-day activities and how, over the next four years, we will move closer to our vision Kia Ūkaipō anō Te Reo. It also lays the foundations for a refreshed operating model and how Te Mātāwai, on behalf of kāinga, hapori and iwi, will give effect to the Board's strategy.

The outcomes framework forms the basis for our implementation of the Maihi Māori over the next four years. It identifies five outcome areas that determine what we invest in at a local and national level, and what we monitor and measure: Whānau Wellbeing, Immersion Domains, Intergenerational Transmission, Reo Movements and Iwi Identity. These are the outcomes we expect to influence as a result of our support and investments in home and community Māori language revitalisation.

It is through the actions, commitment and courage of whānau, reo advocates and champions that the Māori language will return to be the first language of use in kāinga, hapori and iwi. The following pages provide an overview of our investment work programme and insights from each of the eight Kāhui.

The quotes, images and short descriptions show the range and types of investments that took place over the course of the year: from whānau to marae to iwi trusts and community groups who held wānanga and activities in a classroom, inside a whare, in a garden, across the whenua, and online. In 2020/21 alone, Te Mātāwai approved 169 new projects and completed 132 projects that had continued on from prior years' investments. *Note: In observing the preference of Kāhui, some sections do not have English translations.*

Overview

In 2020/21, Te Mātāwai contributed \$9,874,887 towards community initiatives aimed at revitalising the Māori language.

As is the nature of community development, our investments are largely being undertaken by people working after hours, on weekends and through holiday periods. The amount of work that whānau, hapori and iwi contributed in terms of time, effort and personal resources is extremely significant. While the financial investment is important, we would not have traction without that drive from whānau, hapori and iwi. Therefore, a major focus for 2020/21 was providing kaitono with the support needed to successfully complete and deliver their projects.

As of 30 June 2021, 80 percent of all investments, including those from the initial 2017/18 round and through to the 2019/20 round, were completed.

The completion of these investments from previous rounds makes way for Te Mātāwai to enter into new phases of development, driven by the new Statement of Intent 2021–2024.

The table below sets out the actual investment spent per Kāhui.

In addition to direct investment in whānau and communities, Te Mātāwai also engaged three local-level administrative support people (Kaiāwhina) for Pae Motuhake. The Kaiāwhina roles have freed up the Pae Motuhake to focus on their strategic priorities, planning their funding rounds and identifying areas for improvement.

The establishment of a Kaiurungi/Pou Reo in Te Tai Tokerau is the second new initiative aimed at supporting capacity building among whānau and communities.

This role continues to be trialled, with a view to its expansion across more Kāhui in the coming year. The scope of this role will be further designed, refined and directed by each Pae Motuhake.

Putanga

Kua takoto mai ki te anga putanga kua whakatakina i te Tauākī Whāinga 2021–2024 ngā takiwā putanga e rima ka whai whiwhinga i Te Mātāwai: Te Oranga o te Whānau, te Whaitua Rumaki, te Reo Tuku Iho, te Kōkiritanga Reo me te Tuakiri ā-Iwi i te taumata ki te hau kāinga me te motu. I whakahaeretia tētahi tātaritanga o ngā kaupapa i tutuki i te 2020/21 kia mārama ai te whai painga o ngā hōtaka ki ngā takiwā putanga e rima. Ka whai painga te hōtaka ki ētahi putanga maha, ka whāiti rānei ki te putanga kotahi, e rua motuhake rānei.

Ahakoia te pai o ngā otinga mō te āhua ki ngā painga ki te Reo Tuku Iho me te Oranga o te Whānau, kia

E WHAKAATU ANA TE KAUWHATA KA WHAI AKE NEI I TE TOHANGA O NGĀ TŪMAHI O TE 2020/21 I HAUMITIA³ E MĀTOU RERE NOA I NGĀ PUTANGA E RIMA:

³ Kia mōhio mai mō ngā hōtaka te tātaritanga i whakaotia, i haumitia i tēnei tau, ka mutu ngā tau kua hipa.

mōhio mai he tātaritanga hoki whakamuri tēnei. I tautuhia ngā takiwā putanga hou i muri o te tīmatahia me te whakaotinga o ngā kaupapa.

He wā whakawhiti tēnei i Te Mātāwai, taihoa ake nei whakawhāitihia ai ngā kohinga pūkete me ngā taputapu ine kia pai ake ai te pūrongo i ngā putanga hou e rima hei ngā tau kei te heke mai.

Ka whai painga ngā raraunga nei ki te whaiwhai haere i ngā whakawhiwhinga haumitanga ki ngā putanga i roto i tā mātou taura whakahaere hou. Ka mutu, ahakoia te kore e āta tono kia whai painga ngā kaupapa o mua ki ngā takiwā putanga katoa, nā runga i te mārama o te ahunga nei, e tūmanako ana ka whai painga whānui ngā kaupapa ki tua, ki ētahi takiwā putanga maha e karahui ai ngā pāpātanga.

E tino pai ana ki ngā whānau me ngā mema o te hapori te kimi tautoko me te whakawhiti whakaaro ki tētahi e mōhio ana rātou nō te hapori tonu.

E kaha ake ana te kitea me te noho mārama ki Te Mātāwai, kei te kitea hoki te Kaiurungi i ngā kaupapa maha e whakahaeretia ana puta noa i te Kāhui.

I te whānui me te whāroa o te matawhenua ki te Kāhui, e kore pea e eke pai i te tangata kotahi ngā pīkaunga katoa o te tūranga.

Outcomes

The outcomes framework introduced in the Statement of Intent 2021–2024 sets out the five outcome areas that Te Mātāwai will contribute to: Whānau Wellbeing, Immersion Domains, Intergenerational Transmission, Reo Movements and Iwi Identity at local and national level. An analysis was undertaken of projects completed in 2020/21 to understand how projects were contributing to the five outcome areas. Projects can contribute to multiple outcomes or can contribute to one or two outcomes specifically.

While the results are positive in terms of contributions to Intergenerational Transmission and Whānau Wellbeing, it should be noted that

the analysis was applied retrospectively. The new outcome areas were defined after the projects had been initiated and completed.

Te Mātāwai is essentially in a transition phase, and we expect to refine our data collection and measurement tools for improved reporting on the five new stated outcome areas going forward.

This data will be useful in tracking investment contributions to outcomes within our new operating model. Furthermore, while it is not expected that previous projects could contribute to every outcome area, it is hoped that with this clear direction, future projects will generally contribute to multiple outcome areas and the impacts will become collective.

SIX MONTHS AFTER THE KAIURUNGI/POU REO ROLE WAS INITIATED IN TE TAI TOKERAU, EARLY INSIGHTS INDICATE:

Whānau and community members appreciate seeking support and having conversations with someone they know who is based in the community.

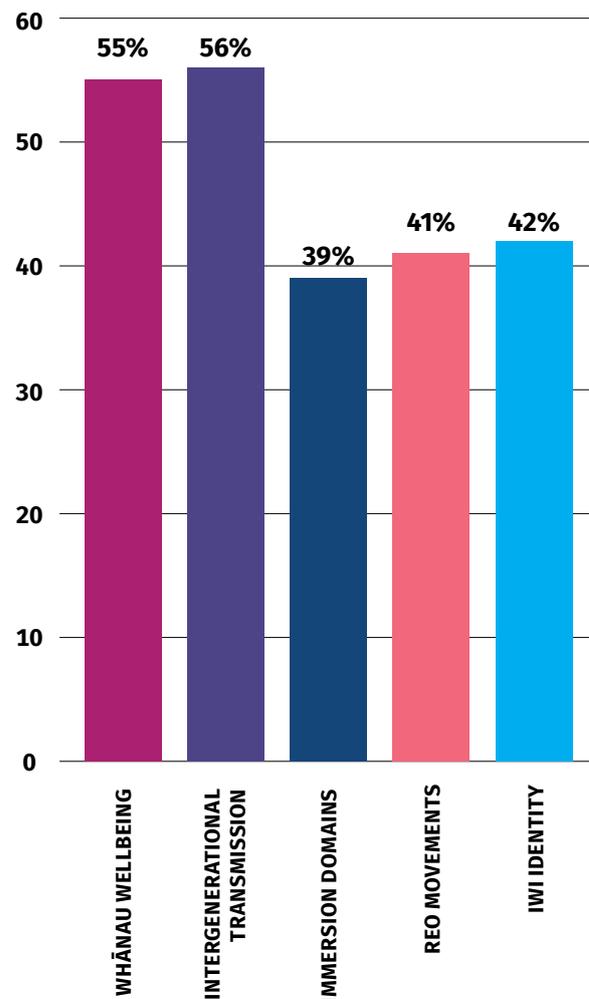

The visibility and understanding of Te Mātāwai is increased, as the Kaiurungi is seen at the many kaupapa that are taking place across the Kāhui.

The expansive geographical size of the Kāhui is such that one person is not likely to be able to do the role justice.

THE FOLLOWING GRAPH SHOWS HOW THE 2020/21 ACTIVITIES WE INVESTED³ IN WERE DISTRIBUTED ACROSS THE FIVE OUTCOMES:

³Note that the analysis was of projects that had been completed and funded in the current and previous years.

Overview to date

Māori language investment in Te Tai Tokerau kāinga, hapori and iwi occurs in various forms, including wānanga, kura reo, resource production, language planning, language classes and events. These reflect the investment priorities and interests for Te Tai Tokerau:

- *Whakarauora Reo Māori* where marae language plans, whānau language plans and language summits are developed and implemented
- *Takiwā Rumaki* where kāinga and marae are acknowledged and encouraged as immersion places or domains for wānanga reo, karakia, mōteatea and genealogy.

Since the establishment of Te Mātāwai, over \$3.6 million has been invested in kāinga, hapori and iwi throughout Te Tai Tokerau to support initiatives that grow the use of the language in these places. In the last four years, this investment has been distributed across Te Tai Tokerau through 83 contracts with 46 percent of these actively managed in 2020/21.

Ko ētahi tauira o ngā haumitanga:

Te Nellie Agnes Lunjevich Whānau Trust

I whakaritea e te Rōpū Kaitiaki nei ētahi wānanga e rua kia whakahaeretia i ētahi mutunga wiki e rua ki te Marae o Te Kotahitanga, i Whangape mō tōna 25 mema nei o tō rātou whānau ki te:

- ako i tō rātou Te Rarawatanga, te reo me ōna tikanga
- whakatipu i te whānau kia tū ai hei kaihautū ki ō rātou hapori
- āta whai wāhi atu ki ngā huihuinga me ngā kaupapa a te Marae o Te Kotahitanga.

E whā ngā wānanga reo i tū, e 20 te toharite o ngā mema o te whānau i tae atu. Ko tā rātou whāinga whānui ko te whakahau i te whānau kia kōrero i tērā nui o te reo Māori ka taea i ō rātou kāinga. I para huarahi ngā wānanga nei mā rātou ki te ako i ētahi rautaki māmā noa nei pērā i te:

- whakarongo ki ngā reo irirangi Māori
- pānui pukapuka reo Māori, pērā i te pukapuka pikitia mā te hunga tīmata ki te ako
- kōrero Māori i te kāinga ki te rangatahi me te tamariki e whanake ai, e tupu ai tō rātou ngākau māia.

I tupu tonu te ngākau māia o te whānau ki te whakamahi i te reo, i te aromātaihia rā o te whakahua, o te takoto tika o te kōrero me ngā whakataukī e ngā kaumātua i te wā o te wānanga. I tautuhia te matatau o te hunga i whai wāhi atu i te tīmatanga, i te haerenga, i te mutunga anō o te wānanga. Kitea ana te neke atu a te hunga i 'hāhaka' te matatau i te tīmatanga ki 'tōwaenga' i te mutunga o ngā wānanga e whā. I kite te kaiwhakahaere i te

kaha ake o te aroā o te whānau ki te noho hiranga o te marae hei whakakaha ake i te mōhiotanga me te whakamahia o te reo. I whāngaihia anō e tēnei aroā tō rātou hiahia kia whai wāhi tonu rātou ki te toutou tonu i te ahi o te 'pā'.

Waiora Marae

I whanaketia, i whakatinanahia e te marae nei tētahi hōtaka reo mā ngā whānau. Ko ngā mahi i te hōtaka ko te:

- akoranga Te Ataarangi i ngā Pōmere
- wānanga reo i whakahaeretia ki te marae i ētahi mutunga wiki e whakamahia ai te kōrero tuku iho o te hau kāinga, te mātauranga, te ahurea, me ētahi atu taonga i heke iho i ngā whakatipuranga
- whanake rauemi .

I whai tēnei hōtaka ki te whakatupu me te whakakaha ake i te whakamahia o te reo Māori i roto i te whānau me te hapori ka whakamahi ai i te kupu, te rerenga kōrero, te wāhanga rānei o te rerenga kōrero kia puta māori noa ai i ia rā. I hoahoatia anō te hōtaka ki te whakatupu i te raukaha me ngā pūkenga o te whānau ki te karanga, te waiata me te whaikōrero.

I tohaina ētahi pukapuka reo Māori ki te whānau hei pānui mā rātou ina hiahia rātou, i māmā ki te tokomaha te pānui. I āhei anō ētahi whānau maha tonu ki te whai wāhi atu ā-ipurangi me te pai o tēnei ki a rātou, ko ētahi atu i korekore tonu, kāore rānei he hangarau. I whakairia atu ngā akoranga, ngā waiata, ngā pūrākau me ētahi atu rauemi ki te whārangi Pukamata hei tiro tiro mā ngā whānau ina hiahia rātou.

Ko tētahi o ngā hua o te hōtaka nei ko te kī ake a ngā whānau o te Marae o Waiora i tino piki ō rātou mātauranga ki ngā tikanga o Ngāti Kurī, ki te waiata me te whaikōrero, me tō rātou ngākau māia ki te kōrero Māori. Ko tētahi atu hua ko te rongo a ngā whānau i tō rātou i whakamanahia, inā rā, nā rātou tonu i hoahoa te hōtaka me ngā kai o roto, nā rātou anō i whakatinana i te wā i rite ai ngā whānau.

“This was an amazing experience for me over the past three days, personally because over the past two decades of learning te reo through Te Wananga o Aotearoa and other institutions. Classroom and online (self learning) and interactive self-paced learning has not taught me as much as I learnt in these few days. All this past learning was awesome but even knowing how to structure a sentence would have made all the difference back then. I’m convinced I would have been fluent in te reo.”

— NGĀ WAI O WHANGAROA, TE MANA O TE AROHA LIMITED

Some examples of these investments:

The Nellie Agnes Lunjevich Whānau Trust

This trust planned to host two wānanga over two weekends at Te Kotahitanga Marae, Whangape, for approximately 25 members of their whānau to:

- learn more about their Te Rarawatanga, including te reo me ōna tikanga
- grow whānau to become leaders in their community
- actively participate in Te Kotahitanga Marae events and activities.

Four wānanga reo were held, with an average attendance of more than 20 whānau members. Their overall goal was to encourage whānau to speak as much Māori as possible in their homes. The wānanga provided opportunities for them to learn simple strategies such as:

- listening to Māori radio stations
- reading books written in Māori, especially the picture books for beginners
- speaking at home and with rangatahi and tamariki to help develop and grow confidence.

Whānau confidence in using the Māori language grew, particularly as kaumātua assessed pronunciation, sentence construction and proverbs during the wānanga. Genealogical connections were made, history was shared and names of nearby places were learned. A trip up the Awaroa river provided a great opportunity to learn about and locate sites of significance.

The fluency of participants was determined at the beginning, during and at the end of the wānanga. Participants with 'low' fluency at the beginning showed a significant shift towards 'intermediate' by the end of the four wānanga. The kaiwhakahaere

observed an increase in whānau awareness around the important role the marae has in strengthening language knowledge and use. This awareness also fuelled their desire to be more actively involved in keeping the pā fire burning.

Waiora Marae

This marae developed and delivered a language programme for whānau. The programme consisted of:

- Friday night Te Ataarangi classes
- wānanga reo run over several weekends at the marae using local history, knowledge, culture and other treasures passed down through generations
- resource development.

This programme aimed to grow and strengthen the use of Māori within whānau and the community by using words, sentences or parts of sentences so it became normal everyday practice. The programme was also designed to grow whānau capacity and capability in karanga, waiata and whaikōrero.

Māori language booklets were distributed to whānau to work through at their own pace, and many found them easy to use. Many whānau were also able to participate online and found this convenient, while others had limited or no technological access. Lessons, waiata, stories and other resources were also uploaded onto the Facebook page for whānau to refer to as required.

One of the successes of this programme was that whānau of Waiora Marae reported their knowledge about Ngāti Kurī tikanga, waiata and whaikōrero had significantly increased, as well as their confidence to speak Māori. A further success was that whānau felt empowered because they were the architects of the programme design and content and delivered these at the pace of their whānau.

“Learning te reo Māori as a whānau and becoming more confident with speaking to one another, even if they are just simple sentences or single kupu”

Raukawa Kura Reo

Some examples of these investments:

Ngāti Hauā Iwi Trust: Kura Reo

The Ngāti Hauā Iwi Trust facilitated its kura reo 5–7 October 2020 at Te Wharekura o Te Rau Aroha with an attendance of 180 people. The kaupapa supported Ngāti Hauā iwi members at all levels of reo proficiency by providing accessible opportunities to increase knowledge and use of the language. The overall goal, assisting individuals to connect to their language, whānau and iwi in a Ngāti Hauā way, was achieved. The kura reo was designed to cater for whānau with little to medium-level fluency and ones with medium- to high-level fluency. A programme for tamariki 5–15 years of age was also included. Ngāti Hauā language experts were organised to lead and deliver the programme.

The event was split into three sections, delivered across three days:

- Te Pae Tiritiri: for beginner Māori language speakers with 84 spaces available for ages 18 years and over
- Te Pae Kākā: immersion in the Māori language and culture for medium- to high-fluency with 84 spaces available for ages 18 years and over
- Te Pae Haumako: total immersion in the Māori language for rangatahi ages 13–17 years with 40 spaces available.

The kura reo explored Ngāti Hauā whakapapa, tikanga and connections to other iwi. Experts in these areas attended to speak in depth on these topics. Organisers described the kura reo as a successful opportunity for all participants to begin and continue their language journey and improve their fluency and knowledge.

Toitōi Manawa

Toitōi Manawa is a language programme designed for eight whānau to begin their Māori language journey within a safe and positive environment. In 2020/21, the programme comprised:

- two weekend wānanga, to supplement the language classes for 20–25 participants delivered by three Kaiako
- twelve two-hour language classes for 20–25 participants, delivered by three kaiako
- two language planning meetings to develop whānau language plans with 15 participants.

The programme provided an immersion experience and exposure to Māori language, customs and practices. Whānau were organised into groups according to their level of fluency and were assigned daily duties such as karanga to other groups for wā kai, karakia, whaikōrero and waiata tautoko.

E ai ki ngā whānau ka nui ngā hua i puta i te wānanga:

- Ko te kōrero a tētahi o te whānau he wānanga whakatupu nui tēnei. I mārama ake ia ki te reo Māori mai i te tīmatatanga, i mārama ake tana hanga rerenga kōrero. Hei tāna, ‘Kua whakamanawatia taku ngākau’
- I kite tētahi whaea e iti tonu ana ngā tamariki ka whakarongo rātou ki a ia ki te kōrero Māori ia. Kua ngākau māia ake ia ki te whakamahi i te reo Māori i te wāhi tiaki tamariki e mahi ana ia
- Kua kōrero Māori tētahi kuia tokotoru āna mokopuna i ngā wā katoa ki te katoa
- I te mōhio o tētahi kaiako kauhoe he matatau tētahi o ana taurira, kua tukuna āna tohutohu ināianei ki te reo Māori.

Ngā Kaupapa Whakarauora reo ā-iwi o Raukawa

Ko Ngā Kaupapa Whakarauora Reo ā-iwi o Raukawa he hōtaka i hoahoatia kia rere māori noa te reo o Raukawa i te kāinga me te hapori mā ngā uri me te hapori o Raukawa. Kei roto i te hōtaka ko:

- Te Kura Reo o Raukawa: he kura rumaki mō te rima rā mā te 150 tāngata kei tōwaenga i te tiketike te matatau, i arahina e ētahi mātanga reo tokowaru o Raukawa.
- Te Whare Kōrero o Raukawa: he hōtaka reorua mō te rima rā, i arahina e ētahi kaiako tokorima, ki te 100 neke atu tāngata e waitau ana, e autai tonu ana ngā taumata matatau. E aro ana ki te reo, te kawa me te mātauranga ā-iwi.
- Te Uru Raukawa: ētahi akoranga e whā mō te rā kotahi, i arahina e ētahi kaiako tokorua, mā te tangata e waitau ana, kei tōwaenga rānei te taumata kōrero mā te 30 neke atu tāngata.
- Hei Māpuna: ētahi akoranga taumata waitau e rua tekau e rua haora te roa (ā-ipurangi, kanohi ki te kanohi anō) i arahina e ētahi kaiako tokorua i Putāruru me Tokoroa, e 20 neke atu ngā tāngata kei te taumata waitau me te taumata tōwaenga.

I hangaia e te hōtaka tētahi whatunga pakari o te whānau, te tangata takitahi, te kaumātua, te ngaio, te kaikōrero i te pae, te kairangahau, te kaitito, te rangatahi me te tamariki. Nā wai, ka āta whakapaua te wā, te ngoi me te kaha ki te whakamahi i te reo i waho atu o te taiao akoako: i ō rātou kāinga, hapori, pakihī, papa tākaro me ngā wāhi mahi.

I pārekareka ki te hunga i whai wāhi atu (kōhungahunga ki te kaumātua) te noho tahi ki ētahi atu i tēnā me tēnā o ngā mahi. Ko tētahi tokomaha e noho ana i te rohe o te iwi o Raukawa, engari ko te nuinga i haere ake i waho o te rohe, ko ētahi i haere ake i Te Whanga-nui-a-Tara.

Nā ngā akoranga ā-ipurangi me ngā wānanga i whai huarahi ai ngā whānau kei waho i te rohe e noho ana ki te tūhono anō ki tō rātou reo, ki te ahurea me ngā whānau, ngā hoa e rite ana ngā whakaaro. He wānanga auau tēnei e haere tonu ai te tupu o te reo me te whakamātau i ngā mea kua ākona, me te tūhono tonu ki ētahi atu.

He huarahi ahurei te Kura Reo me te Whare Kōrero mō ngā uri o Raukawa me ngā mema o te hapori ki te whai wāhi atu ki ngā mahi whakarauora reo e arahina ana e te iwi tonu i tētahi taiao ako e haumarua ana, e ngaio ana.

I whai wāhi atu ngā mātua, i ako te reo Māori i te taha o ā rātou tamariki, i ākina ai te whakamahi i te reo i te kāinga me ētahi atu takiwā whānau e tautoko ana i te tuku iho o te reo i ngā reanga.

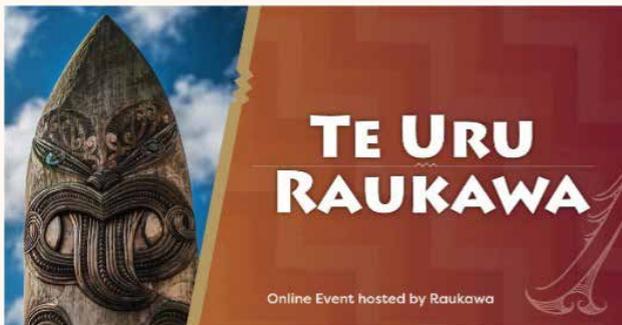

I kōrero te hunga i whai wāhi atu mō te piki ake o ō rātou reo mai i te tīmatanga o te Whare Kōrero. I kōrero mō te haumarua me te hāneanea o te noho i te wānanga ki te:

- whakaharata i te karanga me te whaikōrero
- kōrero Māori me te kore e whakawāngia
- akoako kōrero, te ako waiata nō wāhi kē o te rohe
- noho ki te Marae o Mōkai ka whai wheako ki te noho marae i te taha o te tokomaha
- toro atu ki te papa whai kōrero tuku iho
- matapaki i te kawa me te tikanga o ō rātou ake marae
- tūtaki ki te tangata nō wāhi kē o te rohe o Raukawa
- heri atu i ngā tamariki ki te wānanga me te whakawhanaunga i te taiao Māori

Kei te kaha te hiahia ki te whakapakari i ngā pūkenga me te raukaha o Raukawa ki te whakatutuki i ngā ritenga o te ahikā ki te marae, ka mutu, ka noho tēnei hei aronga matua mō te iwi.

Whānau have reported many benefits from the wānanga:

- A whānau member described the wānanga as one of great growth. He found that he could understand more Māori than when he started, and his sentence structures were clearer. He said, 'I am more confident within myself'
- A mum of a young family realised her children listened when she spoke in Māori. She now has increased confidence to use Māori at the daycare centre where she works.
- A nana of three moko now speaks Māori all the time to everyone
- A swimming teacher, who discovered one of her students was fluent, now gives her instructions in Māori.

Ngā Kaupapa Whakarauora reo ā-iwi o Raukawa

Ngā Kaupapa Whakarauora Reo ā-iwi o Raukawa is a programme designed to normalise Raukawa Māori language in the home and community for Raukawa uri and community. The programme consists of:

- Te Kura Reo o Raukawa: a five-day full immersion event for 150 participants of medium to high fluency, led by eight Raukawa language experts.
- Te Whare Kōrero o Raukawa: a five-day bi-lingual programme, led by five kaiako, to a minimum of 100 participants with basic to advanced levels of fluency. The focus is on language, customs, and mātauranga ā-iwi.
- Te Uru Raukawa: four one-day sessions, led by two kaiako, for basic to intermediate level speakers with at least 30 participants.
- Hei Māpuna: Twenty two-hour basic level classes (online and face-to-face) led by two kaiako in Putaruru and Tokoroa, with at least 20 participants at basic and intermediate level.

The programme built a strong network of whānau, individuals, kaumātua, professionals, pae speakers,

researchers, kaitito, rangatahi and tamariki.

Participants gradually committed more of their time, energy and effort to using the language in settings outside the learning environment: in their homes, communities, businesses, playgrounds and workplaces.

Participants (toddlers to kaumātua) enjoyed the company of others during the different activities. Many of them live within the Raukawa tribal region, but most came from outside the region, from as far away as Wellington.

Online classes and wānanga provided the opportunity for other whānau living outside the rohe to reconnect with their language, culture and like-minded whānau and friends. This was a regular forum to continue language development, practise what had been learnt and maintain connection with others.

Kura Reo and Whare Kōrero were unique opportunities for Raukawa uri and community members to participate in tribal-led Māori language revitalisation activities in a safe, professional learning environment.

Parents engaged and learned in te reo Māori alongside their tamariki, giving impetus to language use in the home and other whānau domains that support intergenerational transmission of the language.

Participants commented on how much their language had improved since the beginning of Whare Kōrero. They talked about how wānanga provided safety and comfort to:

- practise karanga and whaikōrero
- speak Māori without judgement
- learn kōrero and waiata from a different part of the rohe
- stay at Mōkai Marae and experience noho marae with large numbers
- visit historical sites
- discuss customs and practices observed at their respective marae
- meet new people from other parts of the Raukawa rohe
- bring tamariki to wānanga and interact in a Māori environment

The desire to build Raukawa capability and capacity to fulfil ahikā functions at the marae is strong, and this will continue to be a key focus for the iwi.

Ko ngā hua, kia hangaia ngā rauemi pukapuka hai whakapakari i te reo o te tangata, o te hapū, o te iwi. Kai roto i ngā mōteatea ka kitea, ka rangona ngā whakatauāki, ngā awa, ngā moana, ngā tāngata nui whakaharahara o te iwi.

I oti te tā i ngā pukapuka e toru. E ai ki ngā kōrero a te iwi, e pārekareka ana te pānui nā te mea e whakaatuhia ana te hītoria o Tūhourangi. I whakarewaia aua pukapuka tamariki me tētehi

Ko tētehi wāhi nui o te mahi he rite ki te mahi a te rōia, he aromatawai, he tīni i ngā pitopito kōrero o Te Kawa o Te Arawa. E whakapae ana ka whakaara ake i ētehi atu kaupapa hai wānanga mā ngā marae katoa o Te Arawa.

Mā te kōrerorero i ngā take e whai wāhi ai, e taunga ai hoki ngā whānau ki ngā ritenga o te marae. Tokomaha ngā taiohi i tae ki ngā wānanga me te rahi o ngā patapatai i puta. He pai ki Te Paepae tēnei āhuratanga. Mā te pātai ka whai māramatanga.

Ko ētahi tauira o ngā haumitanga:

TE MĀRA HAPORI KI PARIHAKA:

Te Māra Hapori Ki Parihaka Incorporated

Whakakotahitia ana te ukaukatanga, te whakarauora i te reo Māori, te kotahitanga, te tino rangatiratanga me te ātetetanga i runga i te hūmārie i Te Māra Hapori ki Parihaka. Tautokohia ai e te māra me te ngahere kai ngā marae e toru me te hapori, ka noho hoki hei wāhi e mahi tahi ai i runga i te hūmārie. E whakatinana ana te taiao i te ohākī a Tohu Kākahi rāua ko Te Whiti o Rongomai: te tiaki tētahi i tētahi me te whakatupu whanaungatanga whakamanawa. He rite tonu te whakahaere ohu i roto i te tau, pērā i te Puanga, te whakatō i te kōanga me te hauhake i te ngahurutanga.

Matomato ana te tupu o te māra, i āhei ai ngā kaimahi ki te tautoko i ngā huihuinga whānui o te tau ka koha kai ai ki ngā marae. E para huarahi ana te māra ki te whakaharatau i te reo Māori me ngā tukanga ahurea i ngā mahi o ia rā, ka whakakaha ai

i te rongō i te ngākau titikaha ki te rauhi i te tuku ihotanga ahurea hei rauemi mō te noho ki te hapori.

E rua ngā māra kai kua hanga i ētahi takiwā reo e rua. Ko 'Ngā Tipunga' tētahi, he māra reorua e āta kōrerohia ai te reo Māori, engari kōrerohia anō ai ētahi atu reo. I te māra o 'Whaihua' ko te reo Māori anake te reo. Ka whakamāramahia tēnei e te pānui, ka kōrerohia anō ina tiro tiro haere i te māra me te wānanga. Kāore tētahi e mate ki te kōrero i te reo Māori i tēnei māra. Heoi, me ngākau titikaha tonu te tangata ki te reo Māori ina mahi i Whaihua. Mō ngā māra e rua, ka whakahaeretia he wānanga ki te ako i te reo Māori i te horopaki o te māra. Ka ākona te kupu, te kīanga, te karakia me te waiata e pā ana ki te mahi māra.

Ka hia ngahurutanga tau te reo o Taranaki e raru ana. I te tokoiti o te hunga matatau me te hapori kōrero Māori, kua kite mātou e rere kē ana te reo i ngā mokopuna ki ngā kaumatua, kua i ngā kaumatua ki ngā mokopuna. He tokomaha ngā kuia me ngā tauheke kāore e kōrero i te reo. I whakatupuhia rātou i te wā e korekore haere ana te rangona o te reo ki roto o Taranaki. Heoi, kei te rikarika ngā whānau whai tamariki i te kōpae/kōhanga me te kura kaupapa ki te kōrero me te whakamahi i te reo Māori i waho atu o te akomanga. Ko tā ngā māra he whakarite wāhi e tupu ai, e ako ai te katoa. Kāore i māmā te whakarauora i te reo, engari e whakapono ana tēnei whānau kei te huarahi tika rātou.

Hei tauira, kei te whakaakona e ētahi ngā kupu me ngā waiata i ākona i te akoranga, ki ā rātou tamariki. Ko ētahi kei te whakahaere karakia i ngā hui o te wāhi mahi, i roto anō i te hapori. Since the establishment of Te Mātāwai, an investment of \$3.8 million has been invested in kāinga, hapori and iwi throughout Te Tai Hau-ā-uru to support initiatives that grow the use of the language. In the last four years, investments have been distributed across Te Tai Hau-ā-uru through 82 contracts, with 72 percent of these actively managed in 2020/21.

Some examples of these investments:

TE MĀRA HAPORI KI PARIHAKA:

Te Māra Hapori Ki Parihaka Incorporated

Sustainability, Māori language revitalisation, collectiveness, tino rangatiratanga and peaceful resistance all meld into one at Te Māra Hapori ki Parihaka, the Parihaka community gardens. The garden and food forest support the three marae and the community and provide a peaceful place to work together. The environment fulfills the legacy of Tohu Kākahi and Te Whiti o Rongomai: looking after one another and building positive relationships. Regular working bees are held during the year, including Puanga, spring planting and autumn harvesting.

The garden is thriving, and general gatherings throughout the year allowed the kaimahi to support the marae by giving lots of kai. The māra provides opportunities to practise Māori language and cultural processes in functional everyday ways, thereby strengthening a sense of commitment to protect cultural heritage as a resource for community life.

There are two māra kai that create two reo domains. 'Ngā Tipunga' is a bilingual māra where the Māori language is actively spoken in this garden, but other languages can be spoken too. 'Whaihua' is a Māori language garden only. This is explained through signage and ā-waha during tours and

wānanga. One does not need to be able to speak te reo Māori in this garden. However, a commitment is required not to speak anything but te reo Māori while working in Whaihua. For both gardens, wānanga are held on learning the Māori language in a gardening context. This involves learning kupu, phrases, karakia and waiata associated with mahi māra.

Taranaki Reo has struggled for many decades. With few proficient speakers and speaker-communities, we are finding that the language transmission now tends to run from mokopuna to kaumātua and not the other way round. Many kuia and tauheke do not speak te reo Māori. They grew up in a time when the language was on the verge of disappearing from the Taranaki soundscape. However, young whānau with children at kōpae/kōhanga and kura kaupapa are eager to speak and use the Māori language outside the classroom. Māra provide a space for all to grow and learn. While language revitalisation is no easy task, this whānau is confident they are on the right track.

TAU KĒ NAENAE: TEAM NAENAE TRUST

Over 34 weeks, two classes a week were delivered to the community to help increase the number of people using the Māori language in everyday life. The classes also encouraged residents to become proficient and to share the language with their whānau and friends. A list of 54 people was confirmed, with others placed on a waiting list.

At the beginning of the classes, 74 percent of attendees indicated they knew some words, including colours and numbers, but they could not use them in a sentence. By the end, 100 percent indicated that their use of Māori and confidence had improved during the year. About 60 percent stated that they strongly agreed that their use of the Māori

'We know that participants have been sharing their te reo Māori with others in their everyday lives. For example, some are teaching their tamariki the kupu and the waiata learned in class. Some are offering a karakia at meetings at work and in the community. Some of the participants are using their pēpēha at work when introducing themselves. One of the participants practised and used a mihi in te reo Māori when he introduced himself as a candidate at a Meet the Candidates forum in the recent general elections. The increased use is being noted by all participants, as is their growing ability to listen and comprehend te reo Māori when they hear it.'

— TEAM NAENAE TRUST

I te tīmatanga o ngā akoranga, e 74% o te hunga i tae ake i tohu i tō rātou mōhio ki ētahi kupu, pērā i te tae, te tau, engari kāore i mōhio ki te whakamahi i te rerenga kōrero. Tae rawa ki te mutunga, 100% i tohu kua kaha atu tā rātou whakamahi i te reo Māori, kua ngākau māia ake rātou i roto i te tau. I te pātaihia i te rangahautanga o te whakamutunga o te hōtaka mō tō rātou ngākau māia ki te whakamahi i te reo Māori, e 93% i whakaae kua pakari ake ō rātou reo, 100% i whakamanawatia e tērā.

language had improved over the year. When asked in the end-of-programme survey about their confidence in using the Māori language, 93 percent agreed that their Māori language had improved, and 100 percent had grown in confidence with it.

TE MĀTOE O TE REO: TE KĀHUI TŪROA

Te Mātoe o Te Reo was held 14–15 November 2020 at Te Wharewaka o Pōneke. The event connected learners, teachers, whānau and communities to an engaging range of quality Māori language resources, programmes and tools. The event included speakers such as Dr Ruakere Hond, Che Wilson, Mikaere Paki, Prof. Mihaere Meihana Durie, Dr Mereana Selby and Tamzyn Pue. Following the daytime event, a Te Mātoe o te Reo Awards evening was held. This was an opportunity to celebrate those Māori language legends who have championed the revitalisation of the Māori language in Te Tai Hau-ā-uru and throughout the nation. Those who have passed on and the living were acknowledged.

‘Whānau travelled from Taranaki to Wellington to attend, we had a recipient on Zoom and the entertainment was amazing. The wairua felt during the evening was indescribable. The Awards evening was a significant step towards celebrating and acknowledging our “own” publicly.’

— Te Mātoe o Te Reo 2020

‘The promotion of Te Reo has come such a long way in the last 30 years thanks to kaupapa such as Te Mātoe and in particular those who make it all happen.’

— Professor Meihana Durie December 2020

‘I am starting today when I get home to normalise te reo in my home. We had labelled everything in our house and as suggested by Dr Hond we will no longer be using the Pākehā word for those items! I’m Samoan and married a Māori. I sent my children to kōhanga and I’m excited to learn the language for them and be a part of te ao Māori.’

Overview to date

Te Pae Motuhake mō Te Mātāuru ki Te Tai Rāwhiti is aware that it needs to get more people on board and engaged with reo me ngā tikanga. Investments in 2020/21 were made in language classes as a means to engage and use the Māori language. Investments also supported kura reo, wānanga, events and the production of resources.

In 2020/21, Te Tai Rāwhiti invested in projects ranging from less than \$10,000 up to \$80,000. Some smaller-scale projects used Zoom to create a space where whānau could learn and use Māori and aspects of te ao Māori. Larger-scale projects worked with lots of whānau and ran for the whole year.

Māori language investment in Tai Rāwhiti kāinga, hapori and iwi occurred in other forms, including kura reo, resource production, language planning, language classes and events. These investments reflect the priorities and interests for Te Tairāwhiti:

- Whiua te reo: investing in opportunities to engage in te reo
- Te reo kia rere: investing in opportunities to use te reo.

Nā wai i kaha ake te hunga i tae ake i te hononga whakapapa, ka kaha kē atu i te rongu kōrero tuku iho. Hei tauira, i kōrerohia tētahi pā o nehe o Ngāi Tāmanuhiri. Ka hīkoi rātou i ngā tahatika, kei te iho hoki ēnei o tō rātou tuakairi ā-iwi.

Kua tīmata kē te rongu a ngā kaiwhakarite hōtaka i te piki ake o te whakamahia o te reo, ina koa i waenga i te tauira me ngā kaihuawaere o te wānanga. Kua nekehia ngā kura pō ki tētahi pae tuihono kia kore ai te hunga whai wāhi atu e mate ki te puta i te pōuri o te pō makariri.

Kei reira ōna anō wero ki te whakahaere i ngā tono ki te whakaihuwaka, te mātanga me te hunga mahi mō te reo Māori. E tonoa ana e te katoa o ngā wāhi katoa; me te kimi huarahi a ngā kaiwhakarite hōtaka ki te whakahaere i te iti o te wā ki ngā kaiako.

Titi rawa te hōtaka nei ki te whatumanawa o te reo tuku iho; ina koa te ariā o te reo ūkaipō. I tīkina atu ētahi kōkā tekau o Ngāti Porou kia whai wāhi atu ki tētahi ataata e rua mineti te roa, ka kōrero tēnā me tēnā mō te āhua o tā rātou whakaturu i te reo o Ngāti Porou o tō rātou whānau i ō rātou kāinga. Ahakoa ngā raruraru o te Kōwhiri-19, kōkiritia ana te kaupapa nei ka hua mai ko ētahi kōrero ataata whai tikanga ka taea te mātaki ā-tuihono⁷.

Āpiti atu ki ngā rauemi ataata, i kōrerohia anō ētahi kitenga tōmua e whakamiramira ana i te kore e māmā o te tukanga whakarauora reo me te kati atu i te kareāroto. He tukanga kē ka tākirikiri i ngā kareāroto, i te tuakiritanga, me te noho whakaraerae. Ko tētahi tauira i kōrerohia i pā ki te kimi whaea hei kaimahi. Ko te whakaaro i te tirohanga tuatahi, he nui noa atu ngā hononga me ngā whatunga o ngā kaihautū o te kaupapa e kōwhiria ai ngā kōkā o Ngāti Porou kei te kōrero Māori i te kāinga. Heoi anō, i te wā i kimihia ai, ka mōhio rātou e whakaitingia ana e ngā kōkā e whāia atu ana ō rātou ake pūmanawa me te pōhēhē kāore e whai uara; me te aha, pōhēhē ana kāore i tika kia whai wāhi atu rātou.

Ahakoa te whakaaro o ngā kaihautū o te hōtaka he torutoru noa ngā kōkā e rumaki ana i ā rātou tamariki ki te reo Māori, arā atu anō ētahi kōkā tokomaha kei te tautoko i te reo tuku iho. E mahi ana te nuinga kō tō rātou kotahi, me te āwhinahia atu e ō rātou ake hoa tautoko pērā i te kura, ētahi atu whānau, ngā kaupapa rānei pērā i te kapa haka.

Over \$4 million has been invested in kāinga, hapori and iwi through-out Te Tai Rāwhiti to support initiatives that grow the use of the language in these places. In the last four years, this investment has been distributed across Te Tai Rāwhiti through 76 contracts, with over 61 percent of these actively managed in 2020/21.

Some examples of the investments:

Tauhōkai Ltd

This kaupapa has been in the development pipeline for a long time. Approximately 30 people aged between 16 and 30 are being developed as language champions. This will allow them to support whānau and marae across their communities to learn and use te reo Māori, especially with linguistic features that identify the speaker as Ngāti Kahungunu. There are six kaiako to support the taura, all with a high-level of language proficiency and knowledge of mātauranga Māori.

There are five three-day wānanga, and it is clear that participants are committed and aware of the privilege attached to attending these wānanga. One participant travelled eight hours on a bus to attend, such is the commitment. The wānanga are embedded in Kahungunutanga, and in addition to developing language skills and iwi identity knowledge, the wānanga themselves are reviving old practices such as pō tapu.

This project will develop a cohort of Ngāti Kahungunu people who can champion, lead, support, inspire and engage whānau along the many different language pathways, especially those pathways that lead the language back into the home.

Tāmanuhiri Tutu Poroporo Trust

This Trust utilised a variety of activities such as hīkoi, raranga, wānanga and kura pō for their project. This supports their people to confidently stand and kōrero not only in te reo Māori but about Ngāi Tāmanuhiri mātauranga. The four wānanga were about capturing, planting and growing Tāmanuhiri Reo and Tāmanuhiri Mātauranga. The 20 sessions of the kura pō were delivered in collaboration with the neighbouring iwi, Rongowhakaata.

Their first wānanga was about connecting all the attendees to each other and to Ngāi Tāmanuhiri. Not only did participants strengthen their connections through sharing whakapapa, but they were also exposed to the kōrero tuku iho. For example, they talked about an old Ngāi Tāmanuhiri pā. They took a hīkoi around the coastal areas because these are central to their iwi identity.

The project organisers can already hear an increase in the reo being used, especially between the taura and the facilitators of the wānanga. The kura pō have been moved to an online platform so attendees do not have to go out in the dark in cold weather.

There are challenges with managing demands on Māori language champions, experts and practitioners. They are needed by everyone everywhere, and the project organisers are thinking of ways to manage the very precious time that their kaiako have.

Waiapu Kōkā Huhua by Matapihi Ltd

This project gets to the very heart of intergenerational transmission, and, more specifically, the concept of mother tongue. Ten Ngāti Porou mothers were recruited to participate in a two-minute video, each mother speaking about how they are growing te reo o Ngāti Porou within their whānau and in their kāinga. Despite the effects of COVID-19, this project pushed through and resulted in valuable video content that can be viewed online⁷.

In addition to the video resources, valuable insights were shared that highlight how language revitalisation is not a clinical, straightforward process. It is one that engages emotions, identities and vulnerabilities. One example shared related to the recruitment of the mothers. It was thought that, at first glance, the project leaders had a wealth of connections and networks from which to select the Ngāti Porou mothers who are speaking Māori in the home. However, during recruitment, they realised that many of the targeted mothers underrated their own skills and did not consider their own contributions as being of value; therefore, they did not feel they should participate.

While the project leaders think there may only be a handful of mothers raising their children only in te reo Māori, there are still many mothers supporting intergenerational transmission. Most do this on their own, with assistance from their own support base established through kura, other whānau or kaupapa such as kapa haka.

Overview to date

Te Pae Motuhake mō Te Mātāuru ki Mātaatua considers Māori language investments in Mātaatua kāinga, hapori and iwi and these are made in several ways, including wānanga, kura reo, resource production, language planning, language classes and events. These investments reflect the priorities and interests for Mātaatua:

- Ko te Kura nā Tuhaepō: tamariki, whānau, kāinga, hapū, iwi and waka immersion opportunities
- Tēnei te Tira Hou o te Reo: language planning with whānau, hapū, iwi and waka; promoting and reviving the Māori language.

Since the establishment of Te Mātāwai, an investment of \$3.5 million has been made in kāinga, hapori and iwi throughout Mātaatua to support initiatives that grow the use of the language in these places. In the last four years, this investment has been distributed across Mātaatua through 85 contracts, with 60 percent of these actively managed in 2020/21.

Te Reo o Muri: Melissa Edwardson

I te 9 o Aperira, 2021 i tū ai te Kura Reo tuawhā mō ngā uri o Ngāti Rere ki Tanatana Marae, Te Waimana. Ko tēnei kaupapa, 'Te Reo o Muri', he kaupapa kia taea ai e ngā uri o Ngāti Rere te hoki atu ki tō rātou ake marae, hapū ki te ako i ngā mahi a ō rātou mātua tīpuna.

Ko te aronga nui kia ako rātou i ngā āhuatanga ki te pōhiri me ngā tikanga/kawa, te mahi whaikōrero, karanga, tae noa ki ngā ringa wera e mahi ana i te wharekai. Ko te whāinga nui kia mārama pū ngā uri me pēhea te whakahaere i ngā mahi, i ngā nekehanga mēnā he kaupapa nui ka ara mai ki te marae. Ka kore rawa rātou e tatari kia tae atu ngā kaumātua e mōhio ana me aha, kua mārama kē te whānau me pēhea te kawē i te kaupapa.

Te rā o te Hatarei i kite ai au i ngā akoranga kua hua. Nā ngā tauira anō ngā kai i tunu, i whakarite, i whakapaipai hoki. Kei te kite haere i ngā painga o te kaupapa. Whaimuri i te kai, ka hui mātou ki te wharepuni ki te tuku i ngā whakamoemiti. Kātahi i whakawehea rātou ki ngā rōpū e rua.

I kuhu atu te rōpū tuatahi ki te wharekai mō tā rātou akoranga. I aro rātou ki te reo o te kāuta. I a au e whakarongo ana, e mātakitaki ana, i te ngana tonu te nuinga ki te mau i ngā āhuatanga ki te wetereo. Heoi, nā te mahi takirua i ea pai ai ngā mahi. I whakamahi rātou i ētahi paraka paku nei hei āwhina i a rātou. Nā tērā i whai wā ai hoki ngā tamariki, mokopuna ki te noho tahi me ō rātou mātua, kaumātua. I reira

Ko te rōpū i noho ki roto i te wharenuī, i aro kē rātou ki ngā whakahaerenga o runga i te marae ātea. I reira ngā kuia, koroua kua waia haere ki aua āhuatanga. He momo wānanga i whakahaerehia i roto i taua wharepuni. Ka patapātai atu ngā tauira i ētahi pātai, ā, ka whai māramatanga rātou. (Tari Observation 2021)

Te Kāhu Reo: Toiuru Māori Treasures

Ko te pūtake o tēnei kaupapa, ko te whakaako i te reo Māori mā te ipurangi. Ko te taumata o te reo ka whakaako ko te kaupae tahi me te kaupae rua, ā, mā te wā e whakahiki ake ki taumata kē.

I tēnei wā he kaiako māua ki Te Whare Wānanga o Awanuiārangī ki Whakatāne mō ngā kaupae toru me te whā. Kua whai wā hoki hei kaiako ki waenganui i ētahi o ngā kaupapa reo o ā māua iwi. Heoi ko tēnei kaupapa reo nā māua tonu i kawē hei whakapakari anō i ā māua pūkenga whakaako, ā māua rautaki, me ā māua momo tikanga ako. Kua rua tau māua e whakaharatau ana i ā maua tikanga ako ki roto i ā māua akoranga, kua kitea i roto i a māua tauira te māmā me te mārama o te whai i tēnei momo tikanga ako i te reo, e puta ai te māramatanga o ngā kupu hou me ngā tikanga whakamahi i aua kupu hou.

After 24 hours of posting and advertising this kaupapa on social media platforms, more than 500 registrations were received. Due to the high demand, expressions of interest quickly closed, and a process was used to filter ngā tāngata living internationally

and ngā tāngata living here in Aotearoa. Initially, it was planned that the Māori language would be taught to a group of 25 people. Because of the demand, it was agreed (under the goodwill of the Kaiako) to teach two groups: one international class and a class of uri nō Mataatua rohe residing in Aotearoa.

In the first engagement, tairā were asked to send responses as to why they embarked on their Māori language journey.

Some responses included:

'[To] better my knowledge and to be able to support my kids.'

'To get the basics right.'

'I have been putting my journey off for years. This online platform has given me the opportunity to initiate my te reo journey as my job does not allow me to attend classes during the day.'

'Living in the states I had no prior knowledge of te reo or te ao Māori, until I met my partner. Throughout the years my partner and her family, have introduced me to their iwi, whakapapa, language, beliefs etc. Over time my passion for the language grew. I joined so that I could be an active member of whānau and community.'

'Where I could be a part of my nieces, nephews, and future tamarikis' te reo journey. Instead of needing a translation every few words. While I have so much to learn, I am excited for what I have learned so far. Thank you so very much for this opportunity.'

'For myself, for my tūpuna, for my descendants.'

This last comment was the main motivator, the main essence of this kaupapa as this kōrero captures the people that this kaupapa acknowledges and empowers in this journey, past, present and future. Nō reira, ko ēnei kōrero, ko ēnei whakaaro i tuku mai ki a māua, i pupuri māua, i whakamahia e māua ēnei kōrero ki te whakakipakipa i a māua ki te kawē, ki te whakaoti hoki i tēnei kaupapa.

Mai te wā i puta tēnei kaupapa ki te ao mārama, i rongō māua i te tokomaha o ngā tāngata e mate kai ana ki tō tātou reo rangatira, tō tātou ahurea Māori me te ako i ngā tikanga o te ao Māori. Ko tō māua hōnora i tautoko te tokomaha o ngā tāngata nei i tēnei kaupapa, ā, mō te tokoiti i whiriwhiria e māua hei whakaako, e koa ana te ngākau kei te maimoatia, kei te hāpaitia te tokoiti nei i ngā ākoranga o 'He Kāhu Reo'. Kei te mihi atu māua ki a rātou, ngā ākongā.

— TE RAUTAKI WHAKARAUORA I TE REO ME TE AHUREA O RANGITĀNE O WAIRAU

Overview to date

In 2020/21, Te Pae Motuhake mō Te Mātāuru ki Te Tai Tonga supported 27 tono that helped whānau, hapū and iwi start or continue their Māori language journeys. This year, wānanga, kura reo and language classes (in their various formats) were the most commonly used ways to engage our whānau in language, whakapapa, practices and histories of the land on which their people have lived, while further developing their connections with each other.

We heard stories of inspiration and commitment. We heard how our people were overcoming numerous challenges. There were reports of increased confidence and connectivity to the wider whānau. We heard from learners who have stood and spoken the Māori language on their marae for the very first time. Groups of rangatahi are inspiring other rangatahi to join the movement, so much that new wānanga have been created to manage the demand. Kaitono sometimes find other means so they can sustain their support for whānau.

⁸While Te Ture mō Te Reo Māori 2016 states 'Te Waipounamu', the Pae Motuhake use 'Te Tai Tonga' to include all iwi spread over the three main islands.

Ka whakaatahia e te wānanga te whakaritenga mahere, te akoranga reo, te huihuinga me ngā rauemi i tautokohia i ngā take tōmua me ngā hiahia o Te Tai Tonga:

- Kia mārāma pū: te whakapiki i te noho mārāma me te noho mātau pū mō te whakarauora i te reo Māori puta noa i Te Tai Tonga
- Kia tangata whenua te reo: te kukume mai i tō mātou iwi ki ngā wawata mō te whakarauora i te reo Māori
- Kia moana ngā whakaaro: te kaha ake o te mahi kōtui kia ea ai ngā wawata mō te whakarauora i te reo Māori
- Kia rere noa te reo: te rongu i tō mātou reo e poipoia ana e te ngutu tangata mā te whakawhānui i ngā whaitua reo rumaki
- Kia eke Tangaroa te reo: te whakapiki i te matatau me te ngākau māia mā te kōkiri rautaki auaha mō te ako i te reo.

All the wānanga, language planning and language classes, events and resources that were supported reflect the investment priorities and interests for Te Tai Tonga:

- Kia mārāma pū: increasing our understanding and awareness about Māori language revitalisation throughout Te Tai Tonga
- Kia tangata whenua te reo: engaging our people in Māori language revitalisation aspirations
- Kia moana ngā whakaaro: collaborating more to realise shared Māori language revitalisation aspirations
- Kia rere noa te reo: hearing our language everywhere by expanding immersion language domains
- Kia eke Tangaroa te reo: increasing proficiency and confidence by championing innovative language learning strategies.

Since the establishment of Te Mātāwai, over \$3.9 million has been invested in kāinga, hāpori and iwi throughout Te Tai Tonga. This investment has been distributed through 70 contracts, with 84 percent of these actively managed in 2020/21.

Some examples of these investments:

KURA REO KĀI TAHU

By Te Rūnanga o Ngāi Tahu

This kura reo targeted intermediate-to advanced-level proficient speakers: whānau with tamariki as well as individuals who wished to extend their Māori language proficiency. The full immersion kura reo provided rich opportunities to create and discuss resources that reflected the traditional and contemporary Kāi Tahu narratives.

In all, 134 people attended the kura reo, plus, of course, a contingency of rika wera and hau kāika at the marae for the kura reo. This kura reo was designed primarily for whānau participation, but it welcomed individuals as well. Learning as a whānau and being with other whānau who are at a later stage in their Māori language journey is extremely valuable. Participants are exposed to examples of language use and practice that they too could use in their kāinga. Tauira reported that they had increased their awareness and knowledge of their tribal identity.

KIA KAUNAKI TA RĒ MORIORI (TO KINDLE MORIORI LANGUAGE)

By Hokotehi Moriori Trust

This project took a wānanga approach to develop language learning resources for all age groups. This project is a component of the trust's implementation plan for their Moriori language strategy.

Hokotehi Moriori Trust held three workshops on language development at Kōpinga, including a hui with Te Mātāwai. The workshops focussed on exploring ways to enhance opportunities for language development and resulted in the creation of videos about Ta Rē Moriori, the people of Rēkohu, the traditions of Rēkohu and many more topics⁹.

In addition to the wānanga, Hokotehi Moriori Trust sought extensive place name changes on the island to develop the language on Rēkohu, and 24 of these were recently approved by the New Zealand Geographic Board. Schools on Rēkohu have embraced the need to respect Moriori language and are using karakii¹⁰ and rongō¹¹ in the schools on a regular basis.

Following the wānanga, the trust developed a language app with recordings of rongō, karakii and mihi by Tawera Productions. These feature important karakii and kupu frequently used in the marae as well as kupu for rituals such as the hokomaurahiri¹².

TE KAIOTANGA O TE REO MĀORI BY TE RŪNANGA A RANGITĀNE O WAIRAU INCORPORATED AND NGĀTI APA KI TE RĀ TŌ TRUST

This inaugural three-day symposium was a collaborative effort between Te Rūnanga a Rangitāne o Wairau Incorporated and Ngāti Apa ki te Rā Tō Trust. A variety of keynote speakers showcased their Māori language journeys and shared effective language plans to help develop the language in Te Taihū iwi as well as the wider community. There were 440 attendees at the symposium with a wide range of ages, proficiency levels and iwi.

As an event held totally in the Māori language, attendees with lower proficiency levels were supported through a translation service. This enabled attendees to be included in the discussions. In the feedback process, those with lower levels of proficiency commented that there is a greater need for these types of initiatives that cater to learners to support them to progress along their journey.

Overview to date

Te Pae Motuhake o Te Reo Tukutuku considers Māori language investments in whānau and communities across Aotearoa. These are made in several ways, including wānanga, kura reo, resource production, language planning, language classes and events. The investments reflect the priorities and interests for Te Reo Tukutuku:

- **Connectivity:** initiatives that enable improved connection and transfer of intergenerational knowledge within whānau and communities across the sectors
- **Innovation:** new and innovative national or multi-regional initiatives that will strengthen whānau and communities. Additionally, the initiatives build local capability and capacity in Māori language journeys
- **Foundation:** this acknowledges existing national and multi-regional initiatives that are held in high regard and viewed as exemplar models for Māori language revitalisation.

Since the establishment of Te Mātāwai, an investment of \$10.1 million has been invested in whānau and hapori throughout Aotearoa to support initiatives that grow the use of the language in these places. In the last four years, this investment has been distributed across the country through 82 contracts with 73 percent of these actively managed in this current year.

Te Kura Whakakairangi o Waimārama: Waimārama Māori Committee

Tā Tākuta Tīmoti Kāretu, te pou amokapua, launched the first Kura Reo in 1989 at Waimārama Marae.

After 30 years, the organising committee tailored the kura for those with high levels of proficiency in the language and renamed it Te Kura Whakakairangi o Waimārama – a school of higher learning.

The kura was held from 10 to 14 January 2021 at Waimārama. The teachers were Tā Tākuta Tīmoti Kāretu, Pānia Papa, Te Heketū Blake and Jarred Boon. Tā Tīmoti is also the head teacher of the kura.

The lowest age bracket was 15–25 years with 5 percent, and there was a significant drop from 22 percent to 13 percent compared to last year for participants aged 56 years and over. While participants travelled from all over

Aotearoa, the three main iwi in attendance were Ngāi Tūhoe, Ngāti Porou and Ngāti Kahungunu. The ease of registration for participants was crucial. In all, 68 percent of participants found it simple, and 32 percent said it does not need to change.

Participants were asked if Te Kura Whakakairangi 2021 helped to:

- increase the quality of their language: 95 percent said ‘definitely’
- strengthen the use of the language: 100 percent said ‘definitely’
- increase confidence to speak the language: 100 percent said ‘definitely’
- broaden understanding and knowledge of the language: 100 percent said ‘definitely’

Te Reo Matahiapo: Waipareira Trust

Te Reo Matahiapo is a five-year programme. Year One was completed in September 2019, Year Two in August 2020, and Year Three is still underway following commencement in November 2020. It is a Māori language revitalisation initiative delivered by three urban Māori organisations in West and South Auckland, namely Te Whānau O Waipareira (Waipareira), Manukau Urban Māori Authority (MUMA/Ngā Whare Waatea) and Manurewa Marae. The aim of the programme is to bring together the combined strength of three community-based partners to create positive Māori language outcomes for whānau and hāpori across Tāmaki Makaurau. This initiative seeks to restore Māori as a nurturing first language and will further embed genuine language growth and transformation in these communities, led by, and in partnership with, their hāpori. The programme seeks to achieve increased engagement, fluency and use of the Māori language across the three communities, to nurture aspirations of Māori-

speaking homes, and provide tools to make those aspirations a reality. These organisations will build their movement to make the Māori language the voice of choice for all urban Māori.

At the end of Year Two, in partnership with Waipareira, MUMA/Ngā Whare Waatea and Manurewa Marae, Te Reo Matahiapo achieved:

- Reo classes: 45 Māori language classes were delivered for 37 beginning students, 50 classes for 32 students at intermediate level and 80 classes for 55 students at the advanced level.
- Language plans: a total of 124 language plans were developed and endorsed by a language expert.
- Reo Wānanga: a reo wānanga intended for a minimum of 60 students attracted a total of 83 participants across the Auckland region.

Te Reo Matahiapo Year Three builds on the successes and lessons of the first two years. Engaging with whānau and creating a programme to support the reo aspirations for the marae and the hapori are priorities for Manurewa Marae. Waipareira and MUMA continue to host weekly reo classes and reo wānanga. Waipareira is preparing taura for their end-of-year aromatawai and MUMA is kick-starting the creation of their Māori language resources. Matariki was an opportunity for Waipareira and MUMA to host wānanga relevant to this significant event.

Te ManawaTaki o Te Reo: Korotangi Ltd

Te ManawaTaki o Te Reo is a whānau-centred initiative developed by whānau to support more whānau to speak more Māori more often in the home. Informed by scientific research and direct

- organisations with staff able to:
 - engage whānau in everyday conversation
 - use more Māori language in all areas of their own professional practice
 - normalise the use of the Māori language in the workplace and community spaces.

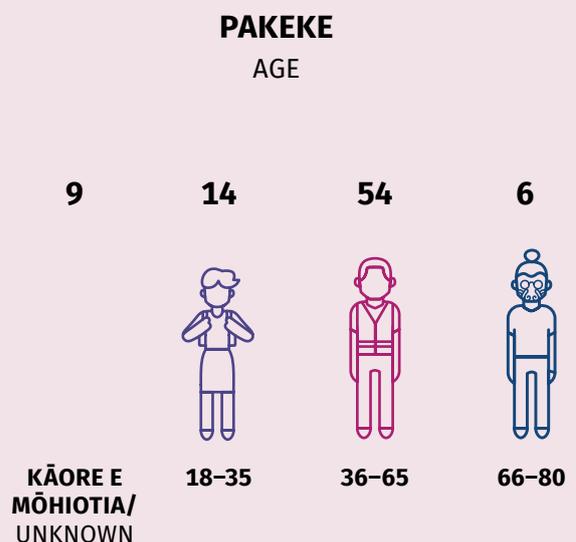

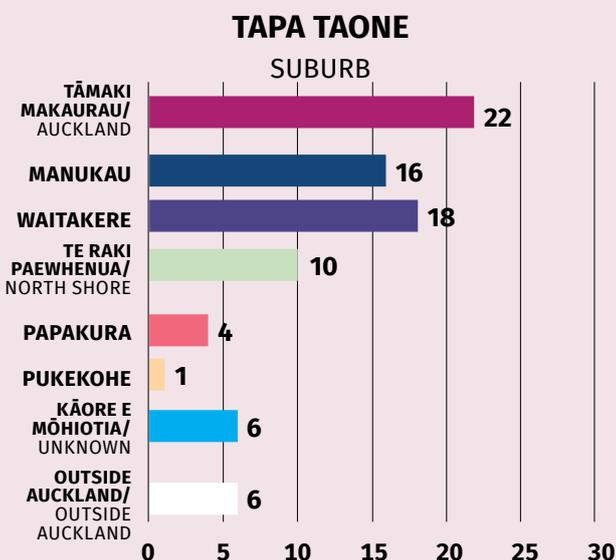

Through strong planning and organisation, Korotangi achieved some early successes, including:

- enrolment of 130 whānau into Te ManawaTaki, across three different sites
- completion of 119 whānau plans
- recruitment of a full team, including mentors (7), voice talents (4), Māori language experts (3), Resource builders (2), and Website builder (1)
- completion of mentor orientation manuals
- production of workbooks, calendars, whānau planning posters and whānau support packs, which were ready to support whānau

Although planning was interrupted by COVID-19 lockdown, Korotangi was able to quickly reset by building a variety of online resources to support whānau. They realised that the online learning environment must focus on the quality of the user experience. Korotangi says ‘many of their target audience are parents with tamariki. We work hard to make learning easy for the “learner parent” by providing meaningful, relevant, and practical material. Our focus remains on improving the quality of self-paced online materials, partnering with collaborators that use music, and ensuring our targeted whānau see themselves in our resources.’

Whānau engagement is measured across 10 key areas. These areas evidence scale, participation rates, online engagements and the impact of mentors. Across 3 hubs (locations), 131 whānau enrolled, totalling 544 members. Over 90 percent completed their whānau plans. All but 2 of the 131 whānau that registered remained connected on the private Facebook group pages.

“Ka nui te hira o te tangata. Whakatipuhia te raukaha i tō whānau me tō haporitōnu hei āwhina i a koe ki te whakahaere i tō kaupapa.”

“People are really important. Build capacity within your rown whānau and community to help run your kaupapa.”

“Ka whakahau au kia roa ake te wā ki te whakarite mahere, kia pai ai te āta whakamārama ngā mahi [o tā rātou kaupapa reo]. Ko te whakarite mahere te mea nui! Me titiro ki te hunga ka whai wāhi atu, he aha ngā mea ka hiahiatia, me tāu i manako ai ki te whakatutuki.”

“I’d encourage people to spend longer on their planning stage, so they can clearly communicate what they’re looking to do [in their kaupapa reo]. Planning is key! You need to look at who’s involved, what’s needed, and what you hope to achieve”

Whakaarohia ngā pūmanawa ka taea e tō whānau, tō hapū, ka whakaaro ai ki ngā āhuatanga ka kawea mai e rātou ki tō kaupapa.”

“See what skills you can draw from within you whānau and hapū and see what they can bring to your kaupapa.”

“Me whakatakoto he mahere tuarua. Kua e whakapono mā te tutuki o te tūāmahi e utua ai koe - me tāpui he āwhina ahumoni hei tautoko i a koe mō te roanga atu o tō kaupapa.”

“Have a backup plan. Don’t rely on the milestone coming through for payment – have a financial buffer to help see you through.”

“Kia mahara tonu koe, tērā ētahi umanga tuku pūtea ka utu i tētahi wāhanga noa o tō kaupapa. Ka pai tonu te whakarite mahere tuarua a te kaitono, kei tūpono pēnei te āhua.

Me kimi pea he puna pūtea kē atu hei utu i te pūtea tarepa, me whakaaro rānei ngā wāhanga o tō kaupapa e whakahekea ai ngā utu me te kore e heke o te whai kiko. Whāia ko te rautaki.”

“Keep in mind the potential of funding agencies only partially subsidizing projects. Kaitono should have a backup plan should this occur. This might mean having alternative funding sources to fund the shortfall or figuring out areas in your kaupapa where you can ‘skinny on and cut your cloth’ without compromising its integrity. ‘It’s about being strategic.’”

“Pērā i ētahi atu hōtaka kaupapa Māori, ka roa te tukanga ki te rangahau me te whakawhiti whakaaro, nō reira kia nui te wā ka whakaritea kia whai wā ai, kia wātea ai ngā whānau ki te whai wāhi atu. “Me āta whakaaro tēnei ki te kore o hononga pūmau ki ngā kaumātua me te pūkenga e hiahia ana koe kia whakapā atu. “Ka pai tonu pea te tau kotahi mō te kaupapa nei - kia rahi tonu te wā e whakawāteahia ai mōu!”

“Like any kaupapa Māori project, research and consultation is a long process, and ample time always needs to be made to allow whānau plenty of time and space to contribute. “So you allow for this”, especially if you don’t have established relationships with kaumātua and pūkenga that you need to engage with. “A year would be the ideal timeframe for this particular kaupapa – give yourself plenty of time!”

“He mea nui te pae pāhopori [ki te tuku kōrero mō tō kaupapa] engari me tautoko hoki e ngā hangarau whakatairanga kaupapa o mua pērā i te reo irirangi, te waea haere, kia tōia mai ai ngā whakatipuranga taipakeke.”

“Take good photos! And keep good records of hui, whānanga, and haerenga to help with reporting. So, when it comes to reporting, you’ve got lots of material to draw from. It’ll make it much easier on you in the long run!”

“He roa te ara ki te whakarauora i te reo, nō reira kia pārekareka te wheako. Me āta whakamana tō kaupapa e te hunga ka mahi tahi ki a koe, ka mutu, kia kaua e taumaha rawa, kei kore e tutuki.”

“Reo revitalisation is a long road and it needs to be an enjoyable experience too. Make sure you have the mandate of the people you’re working with, and don’t make it too heavy that you can’t deliver it.”

“Āta whakaarohia ngā rauemi ka hiahia koe, i tua atu i ngā pūtea a Te Mātāwai. Ko au e kī ana kia whakaemihia e ngā kaitono ā rātou ake rauemi whakaako, e hira ana te nui o te rauemi ako e hiahiatia ana.”

“Think about what resources you might need yourself, beyond the Te Mātāwai funding. I’d recommend kaitono build up their own teaching tools, but more importantly we need more learning resources.”

“Ka tino āwhina te whai wāhi atu a te tangata whai mana, te pūkenga ki te tukanga [mō tēnei momo kaupapa] hei taituarā mōu. Hira ana te whanaungatanga. Hei tauira, mēnā kāore koe e noho ana ki te kāinga, ka mutu, e hiahia ana koe ki te whakatinana kaupapa i reira - me whakapā atu koe ki ērā whatunga. E tino hira ana te hononga pai me te hononga pūmau ki te hau kāinga!”

“Having credible people and pūkenga behind your involved in the process [for kaupapa like this] will certainly help. It’s important to invest in this whanaungatanga. If you haven’t lived at home, for example, and you’re trying to do something where home is – you need to tap into those networks. Good relationships and established networks with the home people are very important!”

“Kia pono ki tō kaupapa me te take e hiahia ana koe ki te whakatutuki mā te hapori me te iwi, kua e whakaaro he kaupapa noa e whakatinanahia ana mā te puna pūtea.”

“Be true to their kaupapa and the issue they’re trying to achieve with their community and people, and not think of it as just accommodating a funding source”

“Me āta tautuhi te hunga pupuri i ngā mātauranga - he ruarua noa iho rātou. Nō reira, e hira ana tō whakapā atu ki ngā puna mātauranga.”

“You’ve got to identify the knowledge holders – they’re few and far between. So, it’s really important that you engage with those knowledge holders”

“Me whai whakaaro ki ō ngoikoretanga, mō te āhua ki ngā pūmanawa ka hiahia koe, ka whakaaro ai me pēhea te whakakapi aua ngoikoretanga. He aha ngā mea hei āwhina i a koe? Whakaurua atu ēnei ki tō tonu. Ko te nuinga ka aro noa ki te kaupapa, kua ngā momo pūmanawa ka hiahia koe ki te whakatutuki.”

“Try and identify where your shortcomings are, in terms of skills you need, and figure out how to fill those gaps. What things do you need help with? Build this into your tonu. Most people just focus on the kaupapa, but not the variety of skills you need to deliver it.”

Te Tuku

Ka kōrero tēnei wāhanga o te pūrongo ā-tau mō ngā mahi a te Poari, a ngā Pae Motuhake me ngā tīma e whā o roto o Te Mātāwai kāore i kitea. ¹⁵ Ahakoā ko 'Te Waipounamu' kē kei Te Ture mō Te Reo Māori 2016, e whakamahia ana e te Pae Motuhake ko 'Te Tai Tonga' e uru atu ai ngā iwi katoa rere i ngā moutere matua e toru.

This section of the annual report covers the work that happens behind the scenes by the Board, Pae Motuhake and the four teams within Te Mātāwai. It describes some of the work and projects to create and/or enable the conditions for the Māori language to once again be the first nurturing language in the home.

Guidance and advice

The Board and its subcommittees have had several strategic planning sessions, a national hui, and extra meetings where required. The most significant event for the Board was the hosting of the national Hui Matua in Rotorua in March 2021, which directly fed into the new Statement of Intent launched at the end of June 2021.¹⁵

Te Mātāwai is very fortunate and proud to have the support of three kaiāwhina or administrative support staff in Te Tai Hau-ā-uru, Te Tai Tonga¹⁶ and Te Reo Tukutuku to facilitate the flow of information, logistics and decision-making processes for their Pae Motuhake. In the next two years, it is envisaged that all Pae Motuhake will have administrative support. E ngā kaiāwhina, kei tawhiti ā koutou mahi.

Another new development is the introduction of Pou Reo/Kaiurungi Reo (local-based language navigator), someone who is based in the community and is able to provide guidance, support and information to whānau across their community. Te Tai Tokerau have the first Pou Reo. The Pae Motuhake guide these new roles, and, as with the administrative support, it is envisaged that each Kāhui will have relevant Pou Reo support to help connect, guide and inform whānau across the many spaces and places.

The office regularly provides advice to Board members, Pae Motuhake and Kaitono. In 2020/21, through a Toiuru Evaluation project, we were able to collect and collate advice from Kaitono to be shared with everyone, especially those interested in making an investment application.

Research, data and information

Te Mātātupu is the research and evaluation team within Te Mātāwai. Its specific role is to build an evidence and knowledge base to support decision-making across Te Mātāwai and the wider Māori language revitalisation sector, by providing information, data and insights across multiple platforms.

In 2020/21, the focus was on showcasing completed projects, understanding the knowledge gained and the gaps requiring further investigation. The result of this was a refreshed Strategic Research Agenda.

Some of our key highlights for 2020/21 in the data and information space are:

- the completion of the Strategic Research Agenda 2018–2021 and conducting a review for the next agenda
- co-hosting the Tukua te Rangahau kia Kōrero symposium with Ngā Pae o te Māramatanga Dunedin on 8–9 October 2020

¹⁴The Statement of Intent is available on our website at www.tematawai.maori.nz/mi/about-us/corporate-documents/

¹⁵While Te Ture mō Te Reo Māori 2016 states 'Te Waipounamu', the Pae Motuhake use 'Te Tai Tonga' to include all iwi spread over the three main islands.

- te whakaterenga o te hōtaka tuatahi a Te Mātāwai mō te pia kimi wheako, i pōhiritia ai te toa tuatahi o te karahipi a Te Wharehuia Milroy, a Te Maiora Rurehe, me Ursula Featherston o Te Herenga Waka

- te whakaoti i te anga mō te Aromatawai, te Aroturuki i te Maihi Māori

He mea nui whakaharaha te raraunga, ina koa te raraunga e pā ana ki te reo Māori ā-iwi ki te āhei o

Te Mātāwai ki te aromātai i te kokenga me te whai hua o tāna i tāpae ai ki te orange o te reo. E mōhio whānuitia ana te iti o te huinga raraunga ā-iwi, ina koa te huinga raraunga reo ā-iwi, me mātua whakawhānui ka tika.

E whai wāhi atu ana a Te Mātāwai ki tētahi hōtaka e whāia ngātahitia ana ki Te Kāhui Raraunga Charitable Trust me Tatauranga Aotearoa. Kei te tīmatanga tonu te hōtaka e kīia ana ko Te Reo Rangatira – He Reo Hei Rangaranga i Ngā Tira. E whai ana ki te whanake anga inenga mō te reo Māori hei tā te tirohanga Māori. Ko tētahi wāhanga matua o te mahi ko te noho mārama ki te āhua o te raraunga mō te reo rangatira.

- presenting at the international Stabilising Indigenous Languages Symposium in June 2021
- hosting teams from government agencies to share our research findings and policy application
- completion of the Maihi Māori Monitoring and Evaluation framework

Data, specifically iwi-Māori language related data, is critical to the ability of Te Mātāwai to assess progress and the effectiveness of its

contribution to the wellbeing of the language. It is a well-known fact that iwi data sets, especially reo ā-iwi data sets, are few and in need of development.

Te Mātāwai is involved with a collaborative project with Te Kāhui Raraunga Charitable Trust and Statistics NZ. This project, called Te Reo Rangatira – He Reo Hei Rangaranga i Ngā Tira, is still in its early stages. It seeks to develop a measurement framework for the Māori language from a Māori perspective. A core component of this work is understanding what the data for te reo rangatira would look like.

The review process highlighted that over the last three years, Te Mātāpu the Research and Evaluation team had:

Completed **16** evaluation reports accompanied by **19** summaries.

'[Kia] kua e oke mō te hemo tonu atu. He ara roa te ara whakarauora reo, nō reira kia ngahau anō te wheako. Me āta whakamana tō kaupapa e te hunga ka mahi tahi ki a koe, ka mutu, kia kua e taumaha rawa, kei kore e tutuki.'

'[Do] not push yourself too hard. Reo revitalisation is a long road and it needs to be an enjoyable experience too. Make sure you have the mandate of the people you're working with, and don't make it too heavy that you can't deliver it.'

— RAUKAWA TAINUI

Communications and engagements

One of the main highlights in the communications team has been the launch of the refreshed website. This new look helps whānau and communities to search for and find Māori language revitalisation information, resources (including research and evaluation), people, and events. It includes an events calendar and, in the upcoming year, will have an information and data centre as well.

Our social media channels showed a steady yet significant increase in the number of followers, with Facebook posts reaching over 19,000 users and 3,973 followers. We also have gained 918 followers on Instagram since October 2020.

This is a huge increase in communications activity and is managed predominantly by one person with input from other staff.

Relationships

Te Mātāwai has participated in stakeholder projects. This participation has provided us insights regarding Māori language activity that has a special focus on whānau. These requests to participate have come from a wide range of educational, academic and community providers such as:

- Te Ātaarangi
- The New Zealand Māori Council
- Wellington City Council
- Kotahi Rau Pukapuka Trust (wānanga and book launch)

Te Whare o te Reo Mauriora

Ko Te Whare o te Reo Mauriora te tauira nāna i whakarite me pēhea e whai wāhi atu ai Te Mātāwai (mā ngā iwi me ngāi Māori) me ngā umanga Karauna ki te whakarauora i te reo Māori. Te Rūnanga Reo

Te Poari me te Rūnanga Hononga Minita

Whakaratoa ana e tēnei rūnanga te taumata torotoro tiketike katoa i waenga i te hinonga me te Karauna. E toru ngā hui a Te Papa Kōrero i te 2020/21, ko Te Mātāwai te hoa whakahaere o tētahi o aua hui. I tae atu ngā Hoa-Toihau ki ētahi hui taharua ki ngā Minita Whanaketanga Māori: a Minita Nanaia Mahuta i te 2020 me Minita Willie Jackson i te 2021 ki te kōrerorero i ngā koromakinga o ngā Minita ki Te Mātāwai, me ērā o Te Mātāwai ki ngā Minita.

Te Whare o te Reo Mauriora refers to the model that sets out how Te Mātāwai (on behalf of iwi and Māori) and Crown agencies might engage in Māori language revitalisation. It is the model whereby Te Mātāwai, with its Maihi Māori, and the Crown, with its Maihi Karauna, can come together in their respective capacities to advance collectively towards the 2040 goal of a revitalised language with one million speakers.

Over the past four years, both strategies have been established and implemented autonomously. This has allowed each party to develop and consolidate their own leadership and manage relationships with their stakeholders that drive increased outcomes for the Māori language.

Te Rūnanga Reo

Board and Ministerial Partnership Forum

This forum provides the highest level of engagement between an entity and the Crown. Te Mātāwai Board members meet with their ministerial counterparts to take an overview of Māori language revitalisation, discuss issues and solutions and provide directions to their respective chief executives to operationalise. The Rūnanga Reo for Te Whare o te Reo Mauriora did not have the opportunity to meet in 2020/21. However, Te Mātāwai is continuing to work with government agencies to get this back on track and ensure meetings take place in 2021/22.

Te Papa Kōrero

Chief Executive Partnership Forum

Another high-level forum, Te Papa Kōrero includes eight government agencies/entities that participate alongside Te Mātāwai. These are Te Taura Whiri i te Reo Māori, Māori Television, Te Māngai Pāho, Te Puni Kōkiri, Ministry of Education, Department of Internal Affairs, Ministry for Culture and Heritage, and the Public Service Commission. Te Papa Kōrero met three times in 2020/21, with Te Mātāwai co-hosting one of those hui. In 2021, Te Papa Kōrero discussions have focussed on the shared goal, mauri ora, and how each partner can play its role in their respective

context. We look to developing these discussions further across 2021/22.

The lead partner agencies (listed above) have also met as a collective to share Māori language initiatives within their agencies.

Engagements and advice

In addition to the meetings held via Te Papa Kōrero, Te Mātāwai also engaged with lead partner agencies individually at the Board level, chief executive level and senior staff level.

Te Mātāwai has been active in important broader language issues, and its Board members participated passionately in the Media Sector Review. Te Mātāwai provided advice and consultation on the review during the planning stages, in recognition of its role as a partner in language revitalisation.

Te Mātāwai also played an active role in planning the Review of the Māori Language Act 2016, beginning with agreement to the Terms of Reference of the Review, through to the proposed Project Management Plan and Methodology.

Leadership activities

The Co-Chairs attended two bilateral meetings with the Ministers for Māori Development: Minister Nanaia Mahuta in 2020 and Minister Willie Jackson in 2021 to share the intentions of the Ministers with Te Mātāwai, and those of Te Mātāwai with the Ministers.

Giving effect to its leadership function of nominating members for the Boards of Te Taura Whiri i te Reo Māori and Te Māngai Pāho, Te Mātāwai renominated Rawinia Higgins and Charisma Rangipunga to the Board of Te Taura Whiri i te Reo Māori for another three years and one year respectively. Tamalene Painting was nominated to the Board of Te Māngai Pāho. Te Mātāwai has the function to appoint directly to Māori Television Service (Whakaata Māori), and Kingi Kiriona was reappointed to the Board of Whakaata Māori for another term.

Although under COVID-19 alert level 4 lockdown in 2020, the Chief Executives of Te Mātāwai, Whakaata Māori, Te Taura Whiri i te Reo Māori and Te Māngai Pāho managed to participate in a webinar for Māori Language Week.

Having set this platform, the Co-Chairs, the Board and the office are poised for increased engagement with Māori language partners and stakeholders in 2021/22.

The Shared Research Agenda Group: Te Rangakura o Te Whare o te Reo Mauriora (Te Rangakura)

Te Rangakura, in operation since 2019, is the most active Te Whare o te Reo Mauriora group. The group consists of members from six government departments and Crown entities and Te Mātāwai. The highlights from this group across 2020/21 are:

1. The production of a micro-simulation tool that can forecast the impact of investment decisions on future outcomes for the Māori language. This tool, He Ara Poutama mō te Reo Māori, is a world-first for indigenous languages and an essential tool for policy analysis. It is still early days for this tool, and its full benefits are yet to be realised. There is scope and capacity to develop it further for increased functionality. See the images to the side for an example of some 'what-if' situations.
2. The Monitoring and Evaluation Framework and Report for Te Whare o te Reo Mauriora. Te Mātāwai worked alongside Te Taura Whiri i te Reo Māori through the procurement process and will continue to provide advice for the evaluation of Te Whare o te Reo Mauriora.

It is fair to say that Te Mātāwai has definitely been busy, as it has played a key role in providing momentum and leadership to push these shared research activities through to completion.

Governance

Board

The Board utilises three sub-committees to assist in fulfilling its responsibilities. These sub-committees are: Nominations Committee, Research Committee and the Audit and Risk Committee.

Audit and Risk Committee

The Audit and Risk Committee (Komiti Tātari Tūraru) provides advice and insights to the Board on risk management, the effectiveness of internal controls, performance reporting and governance. The committee is made up of four members, including one independent member. The committee meets quarterly with the Tumu Whakarae, along with other key stakeholders.

The committee operates under a charter, which was last reviewed in April 2020.

Managing Conflicts of Interest

Te Mātāwai has a policy and process in place to identify and manage any conflicts of interest. Every Board member must advise the Board of any potential conflict of interest. If a conflict of interest is identified, the Board member will have no involvement in the decision-making relating to that interest. Board members' interests are submitted upon appointment and updated at every Board meeting.

Legislative Compliance

The Board is responsible for ensuring that Te Mātāwai complies with all legislation.

Te Mātāwai carries out a six-monthly review of compliance against Te Ture mō Te Reo Māori 2016 and other key legislation that Te Mātāwai is required to comply with. The Board has delegated the management of this process to the Tumu Whakarae.

The 31 December 2020 and 30 June 2021 legislative compliance reviews were completed and provided to the Audit and Risk Committee (Komiti Tātari Tūraru) for its consideration. These were subsequently reported to the Board in January 2021 and July 2021.

Risk Management

The Board is responsible for the management of organisational and strategic risks. Risk reports are reviewed at its monthly Board meetings and at its quarterly Audit and Risk Committee meetings.

Bullying, Harassment and Discrimination

Te Mātāwai has policies in place to prevent and address bullying, harassment and discrimination in the workplace and to promote a safe and healthy work environment.

Wellbeing

Te Mātāwai is committed to a safe, positive and healthy workplace through providing strong leadership, fostering good working relationships and ensuring robust policies and procedures.

Measures taken to promote wellbeing include supporting staff to seek regular eye tests and annual influenza vaccines. Ongoing access to the Employee Assistance Programme (EAP) is available to all staff if required. Staff are also supported and encouraged to take part in activities that promote healthy living.

Our Response to COVID-19

We saw further lockdowns in 2020/21 with the return of COVID-19. Having learnt from the initial lockdown in early 2020, transition to working in an online environment was seamless.

Staff were equipped with the tools and software to function from home, and there were daily virtual interactions to ensure that staff were managing the

demands of working from home. Staff wellbeing was monitored by managers, and staff were provided with information on how to access EAP if needed.

Staff were able continue to support kaitono, who were managing whānau demands, while delivering their Māori language initiatives.

Staff continued to interact by way of regular Zoom meetings, and our Board and Pae Motuhake continued to meet virtually to ensure support for staff as well as monitor the delivery of services to the Board and existing contracts.

As Te Mātāwai does not deliver essential services, all staff travel is suspended for the duration of Alert Levels 2–4.

The Board approved its Business Continuity plan in April 2020 and made further amendments in August 2020 to allow for better business continuity. Te Mātāwai is well-placed to respond to changes in Alert Levels in the future.

Previous annual reports utilised the Kirimana Hoko (the annual purchase agreement) and the Estimate of Appropriations as the framework for measuring performance. This report follows the same structure, with additional reporting on the new Statement of Intent 2021–2024.

Estimates of Appropriations

Te Mātāwai received funding of \$14.817 million from the Estimates of Appropriation for ‘Whakarauora Reo mō te Whānau, Hapū, Iwi me te Hapori (family, tribal and community Māori language revitalisation)’.

This appropriation is intended to achieve progress towards the development and revitalisation of the Māori language within homes and communities through the:

- operation of Te Mātāwai, including the fulfilment of its statutory functions
- provision of leadership, influence and advice that supports Māori to protect, sustain and grow their language for use across generations in whānau, homes and communities
- support of community-led initiatives aimed at re-establishing and maintaining te reo Māori as a first language within Māori whānau, homes and communities.

Kirimana Hoko

This is our annual purchase agreement with the Minister for Māori Development. It sets out how we utilise the \$14.817 million appropriated to Te Mātāwai. We have structured our organisational activities to align to three output areas.

On 30 June 2021, we signed off the 2021/22 Kirimana Hoko that has three revised output areas that align with the Statement of Intent 2021–2024.

Statement of Intent 2021–2024

Te Mātāwai launched its new Statement of Intent 2021–2024 on 30 June 2021 which differs from the inaugural Statement of Intent. The new Statement of Intent reflects a planning-for-outcomes approach and has stated specific targets and short-term outcomes to be achieved.

While Te Mātāwai is transitioning between the inaugural and new Statement of Intent, the previous four strategic priorities are represented across and through a combination of outcomes, demonstrative of the interconnectedness priorities may have with each other.

Below are examples of how the first set of strategic priorities from the Statement of Intent 2017–2021 are now reflected and, therefore, measured in the outcomes framework consisting of five outcomes and three focus areas.

Tiakina te Whānau	Ko te Oranga o te Whānau, ko te Rumaki, ko te Reo Tuku Iho, ko te Kōkiritanga Reo, ko te Tuakiri. Katoa āna e whai nei, he tautoko i ngā whānau.

Manaakitia te Ara	Ko Te Tuku me ngā Kāhui, Hapori me ngā Iwi. Arotahitia ana te whakahokia o te reo ki ngā whānau. He whakaāhehi i a rātou hei rangatira mō ā rātou mahi reo; ko rātou ngā ākongā, ko rātou ngā kaiako; kia kōrero rātou i te reo i ōna wāhi reo, i ōna tāngata, i ōna wā, ahakoa wāhi kē, ahakoa waihanga wāhi hou.

Whānau are more effective when they are supported

The five outcomes of Whānau Wellbeing, Immersion Domains, Intergenerational Transmission, Reo Movements and Identity are all positioned from the perspective of whānau. Everything we do is to support whānau.

Our efforts to revitalise te reo Māori are more efficient and effective when shared

Within the focus areas of Te Tuku and Te Whare o te Reo Mauriora, the components of *relationships*, *collaborations* and *leadership* all speak to maximising effort. The outcome Reo Movements also refers to the creation of clusters so that not only are the efforts of Te Mātāwai shared, but the efforts of our whānau are shared with other whānau.

Everyone has a role, therefore information must be shared widely

Within the Te Tuku focus area, data and information are components that explicitly speak to this priority, but the components of *relationships*, and reference to the development of clusters within the Reo Movements outcomes demonstrate that the mechanisms to disseminate information are not solely through technology and reporting.

Our approach to engaging Māori language users is 'open and inclusive'.

All Te Mātāwai activity aims to restore the language amongst Kāhui, Hapori and Iwi. Te Tuku seeks to create conditions to increase access and opportunities for whānau to take lead roles in their reo journeys; to learn and to teach; and to speak te reo in domains that already exist or they create.

It also lays the foundations for a refreshed operating model and the day-to-day activities Te Mātāwai will progress to give effect to the Board’s strategic intentions on behalf of kāinga, hapori and iwi.

We co-hosted the Tukua te Rangahau kia Kōrero symposium with Ngā Pae o te Māramatanga¹⁷ on 8–9 October 2020 in Dunedin. The symposium included a series of presentations and workshops to get to the heart of intergenerational transmission, clusters of use and engagement, and enablers and inhibitors of Māori language revitalisation. FOCUS AREA	YEAR 1	COMMENTARY
<p>OUTCOME: Whānau Wellbeing</p> <p>Status: Achieved</p>	<p>Te Mātāwai will work with whānau stakeholders to identify the parameters of wellbeing from a whānau perspective.</p>	<p>A set of whānau wellbeing parameters have been derived from a three-step process:</p> <ol style="list-style-type: none"> 1. We identified parameters for wellbeing from relevant language revitalisation research 2. These parameters of wellbeing were tested with the attendees at Te Mātāwai national conference (Hui Matua) and with the Research Committee 3. Finally, these parameters were tested against investment milestone reporting to see if they aligned with the way in which Kaitono reported their shifts in wellbeing. <p>The result is that Te Mātāwai is utilising the following parameters for wellbeing:</p> <ul style="list-style-type: none"> • self-agency • confidence • increased language skills • increased connectivity • increased sense of identity. <p>These will continually be tested to ensure that the parameters are independent of reporting requirements and not simply a result of what is being ‘asked’.</p>
<p>OUTCOME: Immersion Domains</p> <p>Status: In Progress</p>	<p>Te Mātāwai will promote the value of and increase the range of opportunities and domains in which the Māori language is spoken and heard.</p>	<p>We promoted the value of immersion domains by funding a symposium, Te Mātoe o te Reo. The symposium included a presentation made by Dr Ruakere Hond that specifically addressed the concept of domains, immersion domains and micro-immersion domains. This presentation was recorded and shared via Facebook.</p> <p>Furthermore, Te Mātāwai has a research project specifically looking at the value of immersion domains and how to create and hold people in an immersion space. Additionally, the project will investigate the variations of intergenerational transmission. This project will enable Te Mātāwai to promote the value of Māori language immersion domains and the impact they have on Māori language revitalisation.</p> <p>In 2020, our data shows that 41 percent of the total number of projects that we worked on contributed to increasing the range of opportunities and domains in which the Māori language is spoken or heard. This provides the basis for Te Mātāwai to report whether there has been a change or an increase in 2021/22.</p>

Independent Auditor's Report

To the readers of the financial statements and performance information of Te Mātāwai for the year ended 30 June 2021

The Auditor-General is the auditor of Te Mātāwai. The Auditor-General has appointed me, Clint Ramoo, using the staff and resources of Audit New Zealand, to carry out the audit of the financial statements and the performance information, including the performance information for an appropriation, of Te Mātāwai on his behalf.

Opinion

We have audited:

- the financial statements of Te Mātāwai on pages 114 to 125, that comprise the statement of financial position as at 30 June 2021, the statement of comprehensive revenue and expenses, statement of changes in equity and statement of cash flows for the year ended on that date and the notes to the financial statements including a summary of significant accounting policies and other explanatory information]; and
- the performance information of Te Mātāwai on pages 86 to 105.

In our opinion:

- the financial statements of Te Mātāwai on pages 114 to 125:
 - present fairly, in all material respects:
 - its financial position as at 30 June 2021; and
 - its financial performance and cash flows for the year then ended; and
 - comply with generally accepted accounting practice in New Zealand in accordance with Public Benefit Entity Standards Reduced Disclosure Regime; and
- the performance information on pages 86 to 105
 - presents fairly, in all material respects, the performance of Te Mātāwai for the year ended 30 June 2021, including:
 - for each class of reportable outputs:
 - its standards of delivery performance achieved as compared with forecasts included in the purchase agreement for the financial year; and
 - its actual revenue and output expenses as compared with the forecasts included in the purchase agreement for the financial year; and
 - what has been achieved with the appropriation and
 - the actual expenses or capital expenditure incurred compared with the appropriated or forecast expenses or capital expenditure.
 - complies with generally accepted accounting practice in New Zealand.

Our audit was completed on 29 October 2021. This is the date at which our opinion is expressed.

The basis for our opinion is explained below. In addition, we outline the responsibilities of the Board and our responsibilities relating to the financial statements and the performance information, we comment on other information, and we explain our independence.

Basis for our opinion

We carried out our audit in accordance with the Auditor-General's Auditing Standards, which incorporate the Professional and Ethical Standards and the International Standards on Auditing (New Zealand) issued by the New Zealand Auditing and Assurance Standards Board. Our responsibilities under those standards are further described in the Responsibilities of the auditor section of our report.

We have fulfilled our responsibilities in accordance with the Auditor-General's Auditing Standards.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of the Board for the financial statements and the performance information

The Board is responsible on behalf of Te Mātāwai for preparing financial statements and performance information that are fairly presented and comply with generally accepted accounting practice in New Zealand. The Board is responsible for such internal control as it determines is necessary to enable them to prepare financial statements and performance information that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements and the performance information, the Board is responsible

on behalf of Te Mātāwai for assessing the ability of Te Mātāwai to continue as a going concern.

The Board is also responsible for disclosing, as applicable, matters related to going concern and using the going concern basis of accounting, unless there is an intention to merge or to terminate the activities of Te Mātāwai, or there is no realistic alternative but to do so.

The Board's responsibilities arise from the Māori Language Act 2016.

Responsibilities of the auditor for the audit of the financial statements and the performance information

Our objectives are to obtain reasonable assurance about whether the financial statements and the performance information, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit carried out in accordance with the Auditor-General's Auditing Standards will always detect a material misstatement when it exists. Misstatements are differences or omissions of amounts or disclosures, and can arise from fraud or error. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the decisions of readers, taken on the basis of these financial statements and the performance information.

For the budget information reported in the financial statements and the performance information, our procedures were limited to checking that the

information agreed to the purchase agreement of Te Mātāwai.

We did not evaluate the security and controls over the electronic publication of the financial statements and the performance information.

As part of an audit in accordance with the Auditor-General's Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. Also:

- We identify and assess the risks of material misstatement of the financial statements and the performance information, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- We obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control of Te Mātāwai.
- We evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board.
- We evaluate the appropriateness of the reported performance information within Te Mātāwai frameworks for reporting its performance.
- We conclude on the appropriateness of the use of the going concern basis of accounting by the Board and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of Te Mātāwai to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements and the performance information or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause Te Mātāwai to cease to continue as a going concern.
- We evaluate the overall presentation, structure and content of the financial statements and the performance information, including the disclosures, and whether the financial statements and the performance information represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Our responsibilities arise from the Public Audit Act 2001.

Other information

The Board is responsible for the other information. The other information comprises the information included on pages 1 to 85, 106 to 107 and page 126, but does not include the financial statements and the performance information, and our auditor's report thereon.

Our opinion on the financial statements and the performance information does not cover the other information and we do not express any form of audit opinion or assurance conclusion thereon.

In connection with our audit of the financial statements and the performance information, our responsibility is to read the other information. In doing so, we consider whether the other information is materially inconsistent with the financial statements and the performance information or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on our work, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Independence

We are independent of Te Mātāwai in accordance with the independence requirements of the Auditor-General's Auditing Standards, which incorporate the independence requirements of Professional and Ethical Standard 1: International Code of Ethics for Assurance Practitioners issued by the New Zealand Auditing and Assurance Standards Board.

Other than in our capacity as auditor, we have no relationship with, or interests, in Te Mātāwai.

Notes to the Financial Statements

1 Statement of Accounting Policies for the Year Ended 30 June 2021

1.1 Reporting entity

Te Mātāwai is an independent statutory entity established by The Māori Language Act 2016. The primary objective of Te Mātāwai is revitalisation of te reo Māori, rather than exclusively to make a financial return. Accordingly, Te Mātāwai has designated itself as a public benefit entity (PBE) for financial reporting purposes. The financial statements for Te Mātāwai are for the year ended 30 June 2021, and were approved by the Board on 1 November 2021.

2 Summary of Significant Accounting Policies

2.1 Basis of preparation

The financial statements have been prepared on a going-concern basis, and the accounting policies have been applied consistently throughout the year.

STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with and comply with PBE accounting standards. The financial statements have been prepared in accordance with Tier 2 PBE accounting standards with Reduced Disclosure Requirements (RDR). The criteria for Tier 2 is when an entity has expenditure of less than \$30 million and does not have public accountability. These statements comply with Generally Accepted Accountancy Practice in New Zealand.

FUNCTIONAL AND PRESENTATION CURRENCY

The financial statements are presented in New Zealand dollars and all values are rounded to the nearest dollar (NZ\$).

2.2 Te Mātāuru funding

Te Mātāwai funds community investment through Te Mātāuru, which are discretionary grants. Discretionary grants are those grants where Te Mātāwai has no obligation to award the grant on receipt of the grant application. Discretionary grants with substantive conditions are expensed at the earlier of the grant payment date or when the grant conditions have been satisfied and approved. Conditions are milestones that must be met to be eligible for funding. Te Mātāwai does not award discretionary grants without substantive conditions. Te Mātāuru expenditure is recognised in the financial statements when all conditions have been met and milestones approved by the Tumu Whakarae.

2.3 Revenue

The specific accounting policies for significant revenue items are explained below:

REVENUE FROM THE CROWN

Te Mātāwai received revenue from the Crown for the purposes as set out in the statement of performance expectations. Revenue from the Crown is classified as non-exchange revenue.

Te Mātāwai is primarily funded from the Crown. This funding is restricted in its use for the purpose of Te Mātāwai meeting the objectives specified in its founding legislation and the scope of the relevant appropriations. Te Mātāwai considers there are no conditions attached to the funding and it is recognised as revenue at the point of entitlement. This is considered to be the start of the appropriation period to which the funding relates. The fair value of revenue from the Crown has been determined to be equivalent to the amounts due in the funding arrangements.

INTEREST REVENUE

Interest revenue is recognised using the effective interest method. Interest and other income is classified as exchange revenue.

2.4 Income tax

Te Mātāwai is a public authority and consequently is exempt from the payment of income tax. Accordingly,

no provision has been made for income tax.

2.5 Cash and cash equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less and bank overdrafts.

2.6 Trade and other receivables

Short-term debtors and other receivables are recorded at their face value, less any provision for impairment. A receivable is considered impaired when there is evidence that Te Mātāwai will not be able to collect the amount due.

2.7 Property, plant and equipment

Property, plant and equipment consists of the following asset classes: leasehold improvements and computer equipment.

Subsequent to initial recognition, property, plant and equipment is reported at initial cost or fair value less accumulated depreciation and impairment loss.

(i) Additions

The cost of an item of property, plant and equipment is recognised as an asset if, and only if, it is probable that future economic benefits or service potential associated with the item will flow and the cost of the item can be measured reliably.

In most instances, an item of property, plant and equipment is initially recognised at its cost. Where an asset is acquired at no cost, or for a nominal cost, it is recognised at fair value as at the date of acquisition.

(ii) Depreciation

Depreciation is provided on a straight-line basis on all property, plant and equipment.

The useful lives and associated depreciation rates of major classes of assets have been estimated as follows:

Class of asset depreciated	Estimated useful life	Depreciation rates
Leasehold improvements	3.25–5.40 years	19–31%
Computer equipment	3.25 years	31%

(iii) Impairment of property, plant and equipment

Property, plant and equipment are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount might not be recoverable.

(iv) Depreciation

At each balance date, the useful lives and residual values of property, plant and equipment are reviewed. Assessing the appropriateness of useful life and residual value estimates of property, plant and equipment requires a number of factors to be considered such as the physical condition of the asset and the expected period of use of the asset by Te Mātāwai.

2.8 Intangible assets

Website costs are capitalised on the basis of the costs incurred to acquire and bring to use the website. These are subsequently recognised at cost less accumulated amortisation and impairment. The website is expected to bring future economic benefits to the entity that can be directly attributed to the asset. As the website is now fully functional from June 2021, these will be amortised from the 2022 year based on an estimated useful life of 3.25 years.

Realised gains and losses arising from the disposal of intangible assets are recognised in statement of comprehensive revenue and expense in the year in which the disposal occurs.

2.9 Creditors and other payables

Short-term creditors and other payables are recorded at their face value.

2.10 Goods and Services Tax

Items in the financial statements are presented exclusive of GST, except for receivables and payables, which are presented on a GST-inclusive basis. Where GST is not recoverable as input tax, it is recognised as part of the related asset or expense. The net amount of GST recoverable from, or payable to, the IRD is included as part of receivables or payables in the statement of financial position.

The net GST paid to, or received from, the IRD, including the GST relating to investing and financing activities, is classified as a net operating cash flow in the statement of cash flows. Commitments and contingencies are disclosed exclusive of GST.

SHORT-TERM EMPLOYEE ENTITLEMENTS

Employee entitlements that Te Mātāwai expects to be settled within 12 months of balance date are measured at undiscounted nominal values based on accrued entitlements at current rates of pay.

These include:

- salaries and wages accrued up to balance date
- annual leave earned but not yet taken at balance date.

14 Commitments and Operating Leases

As at 30 June 2021 Te Mātāwai had no capital commitments (2020: nil).

OPERATING LEASES AS LESSEE

Te Mātāwai leases its office premises and photocopier. The future minimum lease payments under non-cancellable operating leases are as follows:

	ACTUAL 2021 (\$)	ACTUAL 2020 (\$)
Not later than one year	72,600	72,600
Later than one year and not later than five years	157,500	230,100

Total non-cancellable operating leases	230,100	302,700

An operating lease is a lease that does not transfer substantially all the risks and rewards incidental to ownership of an asset to the lessee. Lease payments under an operating lease are recognised as an expense on a straight-line basis over the lease term.

TE MĀTĀURU COMMITMENTS

At year end, Te Mātāwai had approved and committed to \$5.9 million of investment under Te Mātāuru (2020: \$6.2 million). See note 5 for details.

15 Related Party Transactions

Related party disclosures have not been made for transactions with related parties that are within a normal supplier or client/recipient relationship on terms and conditions no more or less favourable than those that are reasonable to expect that Te Mātāwai would have adopted in dealing with the party at arm's length in the same circumstances.

Note that all Board members interests and approved investment contracts are disclosed on the Te Mātāwai website at www.tematawai.maori.nz.

17 Explanation of Major Variances against Budget

Statement of comprehensive revenue and expense

INTEREST REVENUE

Interest revenue was generated on funds held on term deposit. Lower than expected interest rates resulted in less revenue than had been budgeted for.

PERSONNEL COSTS

Personnel costs were less than budget due to carrying vacancies. Many of these vacancies will be filled after balance date as we increase our employee base and reduce our contractor base.

TE MĀTĀTUPU

Te Mātāwai had budgeted to contract research externally in 2020/21; however, the majority of the work was carried out internally by Te Mātāwai.

TE MĀTĀURU

The budget for Te Mātāuru assumed a monthly outgoing of \$855,000. The average monthly outgoing was approximately \$822,000 resulting in the variance to budget.

18 Events Occurring after Balance Date

COVID-19 IMPACT

The impact of the COVID-19 alert levels had minimal impact on the 2020/21 financial and service performance of Te Mātāwai.

As in 2019/20, some Kaitono did seek variations to their contracts to defer milestone reporting dates, while others chose to deliver their activities online utilising digital means.

19 Contingencies

Te Mātāwai has no contingencies as at 30 June 2021 (2020: Nil)
